Ohio House OK to spark fight in Senate

Tax sharing vote due

COLUMBUS, Ohio (AP) — The Gilligan administration's $92.3 million federal revenue sharing bill was called up for passage in the Ohio House today with majority Democrats predicting it would go to the Senate unchanged.

The big spending bill would allocate the state's share of federal funds from Jan. 1, 1972, to July 1, 1973, in a way prescribed by Gov. John Gilligan and over objections of minority Republicans. They sought unsuccessfully to change spending priorities in the House Finance Committee, and were expected to offer floor amendments.

But Rep. Harry J. Lehman, D-16 Cleveland, said after a Democratic caucus on the measure Wednesday: "We expect it to be passed exactly as it is, without change."

Democrats control the House 58-41, but there are a few who disagree with certain features of the bill and may seek GOP help to make changes, spokesmen said.

Bill introductions and committee activity highlighted a busy legislative day Wednesday with the exception of a gentle skirmish in the Senate over its decision to keep up tradition and bar the press and public from Rules Committee sessions.

Two amendments were offered to the Senate's session rules which would have relaxed the outright secrecy concept approved by the Rules Com-

South Viets harass peace force

By HUGH A. MULLIGAN
AP Special Correspondent

SAIGON (AP) — Tough cop tactics of the South Vietnamese guards at Saigon's Tan Son Nhut Air Base are jarring the delicate peacekeeping machinery.

The Polish and Hungarian delegations to the International Commission for Control and Supervision are threatening to move their troops out of the commission's compound at the base and take up quarters in downtown Saigon.

Sources close to the commission say the Poles are furious because their chief delegate, Bogdan Wasilewski, has been stopped several times at the gates and required to show his identity cards although his car was flying the commission flag. Once, he was forced to let his car be searched.

The Hungarians, most of them senior officers in distinctive pointed caps, object strongly to having to pass through the guard posts of another nation, particularly one whose peacekeeping activities they are supposed to be monitoring.

Canadian officers in limousines and scout cars flying the red Maple Leaf flag have been delayed for as long as four hours at the main gate in almost invariably futile attempts to escort Canadian and U.S. journalists to their compound.

"I try to hang as much shoulder out the window as possible every time I go past that guard point so they'll see the gold bars. But it doesn't always work," said a Canadian colonel.

The Viet Cong and North Vietnamese members of the Joint Military Commission say they complained this week to William H. Sullivan, visiting U.S. deputy assistant secretary of state for East Asian affairs, about their virtual imprisonment in a run-down barracks compound in a remote corner of Tan Son Nhut.

Since their arrival in Saigon, the Communist delegates to the four-party commission have let it be known that they welcome contact with Western journalists. The South Vietnamese government blandly insists it is not preventing anyone from contacting them inside their heavily guarded compound; but, every time a reporter approaches the gates, he is "detained" and his press credentials are lifted.

Pham Duong Hien, the government's press chief, told newsmen last week that the government had no objections to their making contact with the Communists at their compound. He assured them that their difficulties at the airport were the result of a "lack of coordination" between officials and the airport authorities.

Like the Vietnamese air force, Tan Son Nhut always has been a more or less independent center of power, politically apart from, and sometimes openly defiant of, the presidential palace annd the downtown politicians.

Two North Vietnamese representatives of the Joint Military Commission ran into trouble today in Hue, where a dozen South Vietnamese surrounded their car, beat on it with bamboo sticks and wet one of the men with some sort of liquid thrown into the car. The assailants backed away when an escort of South Vietnamese MPs got out of their car, and the North Vietnamese were not hurt. They lodged a complaint with the International Commission.

The Vietnamese in Hue are particularly bitter against the North Vietnamese because of the massacre of thousands of civilians there by the Communists during the 1968 Tet offensive.

Weather

Snow accumulating four inches or more near Lake Erie and one to three inches elsewhere, with temperatures falling into the 20s. Occasional snow or flurries likely tonight and Friday. Lows tonight 10 to 15 and highs Friday 15 to 20.

White House sounds out solons on North Viet aid

WASHINGTON (AP) — The White House reportedly is consulting leaders of Congress to determine how strongly postwar financial aid for North Vietnam is opposed on Capitol Hill.

A Republican leadership source disclosed the consultations Wednesday as the White House and Hanoi announced a joint economic commission to consider U.S. reconstruction aid for the North.

Congress has made clear it is in no mood to consider aid for Hanoi now. But the source indicated the White House is trying to find out what congressmen would consider approving after peace is established and all American POWs are returned, and the missing are accounted for.

Rep. H.R. Gross, R-Iowa, said the commission is "the conduit for the handout" and added, "I'm opposed to paying them anything."

Chairman George H. Mahon, D-Tex., of the House Appropriations Committee, which would have to approve assistance money, says Congress would not approve it now but he would not speculate on what might happen later.

"This is a very bitter and disturbing thing for the American people," Mahon said. "I think everyone will want to tread very cautiously in this area and I certainly will."

Sen. Charles E. Percy, R-Ill., has said also he does not believe Congress would approve aid for Hanoi unless it is contributed jointly by U.S. allies.

Secretary of State William P. Rogers told the House Foreign Affairs Committee last week that is what the Nixon administration is trying to work out.

The U.S.-Hanoi commission was announced by the two countries in a joint communique reporting on presidential adviser Henry A. Kissinger's weekend meetings with North Vietnamese officials.

The communique said they exchanged views "on the manner in which the United States will contribute to healing the wounds of war and to postwar economic reconstruction in North Vietnam."

Wholesale prices shoot skyward

WASHINGTON (AP) — Wholesale prices rose sharply in January for the second straight month, largely because of increases in prices of farm products, the government said today.

The report presaged large increases in consumer prices. Likely, the sharp advances in wholesale prices will be reflected soon in the Consumer Price Index.

The Bureau of Labor Statistics said the Wholesale Price Index went up by 1.3 per cent in January on an unadjusted basis and 1.1 per cent on a seasonally adjusted basis. Despite the huge increase, the rise was less than the similarly sharp increases in December.

The BLS said that prices of farm products and processed foods and feeds rose by 3.3 per cent, or almost 40 per cent at an annual rate. With the seasonal factors taken in, the rise in prices of farm products was 2.9 per cent.

Despite the big increases in farm and food prices, the report showed that prices of industrial commodities rose less sharply. The industrial commodities index is regarded as one of the most sensitive gauges of inflation in the economy.

According to the report, prices of industrial commodities went up 0.5 per cent on an unadjusted basis and 0.3 on a seasonally adjusted basis.

U.S., Cuba sign accord on hijacking

WASHINGTON (AP) — A U.S.-Cuban agreement to curb air and sea hijacking went into effect this morning with simultaneous signing ceremonies here and in Havana.

Although the exact text was kept under wraps prior to the actual signing, U.S. officials Wednesday night confirmed the basic effects as reported earlier by The Associated Press.

These included provisions for prosecution or extradition of persons charged with hijacking a plane or a ship and a U.S. pledge to enforce its neutrality laws barring use of American property or soil to harass Cuba.

The pact is not retroactive and will not affect hijackers who already have fled to one country or the other.

In addition, the United States retains its traditional policy of accepting as a political refugee a person who arrives without having endangered the crew or passengers of a ship or plane.

This had been a problem in the 2½ months of negotiations. Cuba originally wanted the agreement to cover such acts as the seizing of a crewless or passengerless craft.

The result of the negotiations, which were conducted indirectly through the Swiss ambassadors in Havana and Washington, were described as highly satisfactory from the U.S. view.

Officials said the agreement would be both a real and psychological block for hijackers. But in spite of these benefits, the American officials repeated that the agreement is not considered an opening to better general relations with Cuba.

They say President Nixon has not changed his position of last November when he said the Fidel Castro government would have to change its generally hostile attitude toward Washington and stop its policy of exporting revolution to other hemispheric nations.

U.S. officials said Cuba was eager for a settlement and therefore willing to concede American positions.

The Havana government was said to be increasingly embarrassed by hijackers who ordered planes flown to Havana.

Dollar sags

LONDON (AP) — The U.S. dollar sagged on foreign exchanges, and the price of gold reached new peaks today amid widespread doubts over the stability of the world monetary system following devaluation of the American currency.

The dollar opened lower in most centers, but there were signs the decline toward its new official parities was slowing.

Sales of dollars, relatively heavy Wednesday, appeared to be slowing also. But dealers reported no indication speculators had begun buying dollars to reap the profits from the huge amounts of yen, German marks, Dutch guilders or Swiss francs they bought feverishly last week.

The price of gold climbed to new peaks in bullion markets everywhere. Dealers said this was partly a reflection of the upvaluing of the money of South Africa, the world's largest producer of gold,

An atmosphere for progress!

Council chairman calls for general clean-up of city

By LARRY JOSEPH
Record-Herald City Editor

Create the right atmosphere and industry will seek you out, was the comment of Council Chairman Billie Wilson at the regular meeting of Washington C. H. City Council Wednesday night.

The chairman's comments came at the end of the session which included a discussion of traffic problems on Clinton Avenue at the intersection of Fairview Ave. and a report by a tavern owner concerning the problems of maintaining order. Council also heard a report by City Manager Dan Wolford on the schedule of improvements to the wastewater treatment plant.

Wilson pointed out to Council that the city had gone through a rough fall and winter season. He said the city street and service departments have a lot of work to do in cleaning up the city, patching and striping the streets.

"We try hard to bring industry into the community," Wilson said. If the city creates the right atmosphere with churches, schools, cleanliness of the town and a good Police Department, the persons representing the industries will seek out the city, Wilson said.

He suggested that Washington C. H. make an extra effort to clean up the town and create the atmosphere of cleanliness. His comments drew approval from other members of Council.

A PROPOSED ordinance to prohibit parking on the south side of Clinton Avenue between Draper Street and Fairview Avenue died for lack of a motion to read it. Instead, Council discussed a proposal to place a traffic signal at the Fairview Avenue intersection, move the center line on Clinton Avenue and seek the cooperation of Pennington Bread, Inc., for a change in the plant's exit. It was also proposed that the city seek state and county assistance to pay for the traffic signal since Fairview Avenue is the southwest border of the city.

Councilman Donald E. Wood, a member of the Safety Committee, said he and Police Chief Rodman Scott had studied the problem on Clinton and had agreed that parking should be eliminated on both sides of the street. Glen Whittington, of 917 Clinton Ave., said he did not believe the elimination of parking would stop the rash of accidents. Whittington said excessive speed and drunken drivers are creating the problem. He suggested the installation of a traffic signal. Whittington also suggested the moving of the center line.

Councilman Hugh Patton agreed with the traffic signal proposal, saying he thinks it would be an asset. He suggested that Pennington be contacted and asked to move their exit.

RONALD COE of the H&H Bar and Grill, 203 E. Court St., told Council he intends to cooperate with the city in an effort to stop disturbances in or around taverns in the city. He called for stiffer penalties for violators as he told Council of his efforts to stop disturbances. He said he had filed many disturbing - the - peace complaints but the violators post bond and do not appear in court. He said he intends to get rid of the undesirables from his place of business and added that 20 to 30 persons are causing the problems in all the taverns in the city. He said these persons have no respect for the fines and the same people commit the same offenses over and over.

City Solicitor James A. Kiger told Council that Municipal Court does not have to accept forfeiture of bonds, although this is the normal procedure. He said the court could issue a bench warrant and force the violators to make court appearances. The solicitor also said that other charges could be filed against repeat violators, especially those who have been ordered

Foul weather rakes eastern United States

By THE ASSOCIATED PRESS

Snow, sleet ice and rain prevailed in areas east of the Mississippi River today, and cold but fair conditions prevailed for the western half of the nation.

Gale warnings were posted for much of the Great Lakes with prospects of high waves and shore erosion. A cold wave warning was issued for the upper Mississippi Valley. A storm centered in western Pennsylvania brought rain, freezing rain, sleet and snow to the eastern Ohio Valley and middle Atlantic coastal states.

Heavy snow warnings were released for Vermont, most of New York and northeast Pennsylvania.

Travelers advisories were posted for most of Pennsylvania, central Maryland, New Jersey, and southeast New York state, including New York City, Connecticut, Massachusetts and Rhode Island.

Rain, drizzle and dense fog covered most of the Ohio Valley. Snow spread eastward from the Great Lakes to the Atlantic Coast.

In the Southeast, where record snow fell over the weekend, rain showers and thunderstorms rumbled across the region.

More than an inch of rain soaked Jacksonville, Fla., during the night. Dense fog settled over the Carolinas.

In the West, cold temperatures prevailed but most precipitation was confined to the central mountains of Arizona and the plateau region. Travelers advisories for the area warned of possible snow accumulations of up to 4 inches.

Temperatures before dawn ranged from 12 at International Falls, Minn., to 74 at Ft. Lauderdale, Fla.

Coffee Break . .

CAR OWNERS wishing to reserve 1973 Ohio license plate numbers must have their titles when they stop in the office at 606 Rose Ave., reminds Mrs. Mary Jones, deputy registrar at the Washington C.H. License Bureau . . .

Mrs. Jones said owners have until March 10 to reserve a license plate number . . . The tags will go on sale the morning of March 16 . . .

Newsman, Indians testify on stolen document return

WASHINGTON (AP) — A federal grand jury today refused to indict a reporter and two Indians on charges of possessing documents stolen from the Bureau of Indian Affairs last fall.

After the grand jury's decision was read to investigative reporter Les Whitten and Indians Hank Adams and Anita Collins, the government moved that the case be dropped.

Whitten, in a hallway interview afterward, said he felt the government had wanted to show that he and his boss, syndicated columnist Jack Anderson, had paid for the three cardboard cartons of documents. They had not, he said.

The FBI arrested Whitten and Adams Jan. 31 as they carried three cartons allegedly containing the stolen documents from Adams' apartment to Whitten's car. Adams says he was returning the documents to the FBI, via the BIA, and that he had asked Whitten to assist him in exchange for an exclusive story. Miss Collins, the government says, picked up the documents at a bus station the previous night, allegedly accompanied by a police informer who posed as an Apache.

The government contends the three intended to convert the stolen documents to their own use. The government said an unnamed informer was their source of information about the intended use of the documents. News reports here identified the informer as a District of Columbia policeman John G. Arelland.

Anderson said the grand jurors questioned him on whether "Les had spoken to me in advance about plans to return the documents—and he had—and whether he had paid for the documents." He said the documents had been offered to Whitten free.

Congress drags on national strikes

By WALTER R. MEARS
AP Political Writer

WASHINGTON (AP) — Despite periodic promises and rhetoric, Congress is still dealing crisis-by-crisis with the problem of transportation strikes that threaten to create national emergencies.

The latest such episode was that of the Penn Central Railroad strike, stopped by law within hours after it began.

It was a familiar exercise, something that has happened eight times within six years, as Congress acted on special legislation to deal with transportation strikes.

Each time, amid the crisis atmosphere that has prodded Congress to quick action, there have been demands for legislation to create permanent machinery so that the government can cope with future emergencies.

Each time, the pressure has ebbed with postponement and eventual settlement of the walkout.

President Nixon has proposed emergency-strike legislation in the past, although the administration, anxious to gain labor votes, did not press the issue in the last election year. Presumably it will be revived in one of the President's messages to Congress.

Bills to empower the government to deal with future strikes already have been introduced in both House and Senate, one of them by Sen. Robert P. Griffin of Michigan, the Republican whip and chief sponsor of past administration proposals.

Griffin said there must be long-term action to "get Congress out of the labor arbitration business" of dealing with each strike and its issues only after a walkout is under way.

His proposal, similar to the terms the administration recommended to the last Congress, would empower the president to order cooling-off periods of up to 110 days to head off transportation strikes that threaten the national health or safety.

In the Penn Central strike, Congress ordered a 90-day cooling-off period, until May 9, with the administration to report in the interim on negotiating progress and recommendations for settlement.

In the House, Rep. J. J. Pickle, D-Tex., said the only bill with a chance of passing would be one including provisions distasteful to both labor and management.

In simplest terms, government seizure or operation of a strike-bound industry is the alternative most distasteful to management, compulsory arbitration is anathema to labor. Both possibilities are raised by most of the proposed measures, although varying forms of arbitration loom as the likely final solution to any dispute that defied negotiated settlement.

Pickle said Congress itself has become a sort of super arbitration panel. "Believe me, a 535-man arbitration board is no way to run a railroad," he said.

Deaths, Funerals

Mrs. Alverda Bolton

Services will be held Saturday in the Robert Mahew Funeral Home, Oak Hill, for Mrs. Alverda Mae Bolton, 83, who died at 7:45 a.m. Wednesday in the Fireside Nursing Home, Peoria, Ill.

Mrs. Bolton, the widow of Dr. Edgar O. Bolton, a veterinarian, who died in 1946, had been a patient at the nursing home a year.

Born at Kitchen, in Jackson County, she was the daughter of Oscar and Nancy A. Harrison Smith. She was for many years employed by Ohio Bell Co. here. She and her husband lived at 829 S. North St.

Mrs. Bolton is survived by two sons, Dr. William O. Bolton, of Peoria and Ellis Bolton, of Sanford, Fla.; three daughters, Mrs. Howard Winner, of Sharon, Pa., Mrs. William Bechdolt, of College Park, Md., and Mrs. Anita Jennings, of Decatur, Ill.; 20 grandchildren and five great-grandchildren; a brother, Spurgeon Smith, and a sister, Mrs. Minnie Jones, both of Oak Hill. Nathan Bolton, of 337 Rawlings St., is a grandson.

Friends may call at the funeral home Friday afternoon and evening and burial will be in Oak Hill Cemetery.

Mrs. Rube Gordon

JEFFERSONVILLE — Mrs. Icie Wilson Gordon, 68, of Park Rd., near Jamestown, died at 9:55 a.m. Wednesday in Greene Memorial Hospital. She had been in failing health for several years and was seriously ill the past two weeks.

Born near Bloomingburg, she had resided in Bookwalter before moving to her Greene County home 26 years ago. She was a member of the Bookwalter Church of Christ in Christian Union.

She is survived by her husband, Rube Gordon; two brothers, Woodrow Wilson, Bookwalter and Orville Wilson, Miami Trace Rd.; three sisters, Mrs. Alice McBee and Mrs. Mary Huff, both of Bookwalter, and Mrs. Martha Belle Penn, of Frankfort. A son, one daughter and three brothers preceded her in death.

Funeral services will be conducted at 1:30 p.m. Saturday in the Bookwalter Church of Christ in Christian Union by the Rev. Russell Knisley. Burial will be in Hidy Cemetery.

Friends may call at the Morrow Funeral Home, Jeffersonville, after 1 p.m. Friday.

Mrs. Louise B. Gibler

SPRINGFIELD — Services for Mrs. Louise B. Gibler, 84, of 1218 Garfield Ave., will be held at 2:30 p.m. Friday in the Jackson, Lytle and Coffman Funeral Home, with burial to follow in Glen Haven Memorial Gardens.

Mrs. Gibler, who was born in Washington C.H., the daughter of Frank and Emma Nigh Hause, died Wednesday in the home of a daughter, Mrs. Robert (Mary Jane) Ziegler, 40 Koons Dr., Enon. Mrs. Gibler is also survived by a son, Donald W., of Enon.

Ohio Assembly

(Continued from page 1)

mittee 9-0 on Tuesday in the presence of reporters. Both amendments were defeated by margins of more than two-toone.

Sen. Thomas A. Van Meter, R-19 Ashland, a freshman member, sought to require that the entire Senate would have to vote by a two-thirds majority to close any committee meeting. Opponents, who argued the vote among committee members was sufficient, prevailed 22-8.

Sen. Paul R. Matia, R-25 Westlake, in another futile amendment, sought to require the powerful Rules Committee to file recorded votes of members in the clerk's office after adjournment of each meeting. He was voted down 23-8.

Majority Leader Theodore M. Gray, R-3 Columbus, defended the idea of keeping closed the deliberations of the Rules Committee, which he said has been the practice since the days of our founding fathers.

"He maintained, with other senators, that the public doesn't want or seek to know what goes into every aspect of political decision-making. "Democracy in its true form doesn't work," Gray asserted.

In other developments, two proposed constitutional amendments to pay a Vietnam veterans' bonus and provide for tandem election of the governor and lieutenant governor hit snags in Senate committees. Both have been approved by the House, and must be certified to the Secretary of State by Feb. 22 to get on the May ballot, as sponsors intended.

A Senate subcommittee voted 3-0 to reject financing the $300 million bonus with a property tax increase, as proposed by the House, and instead to pay off the bonds out of the general revenue fund. The main sponsor, House Speaker Pro Tem Vernal G. Riffe Jr., D-89 New Boston, said he will fight the change.

Senate Judiciary Chairman Paul E. Gillmor, R-2 Port Clinton, whose committee has the tandem election bill, wants it changed to require the top state officials not only to be elected as a team, but also to be nominated jointly. He said he "doesn't see how" the amendment can get out of his committee by the Feb. 22 deadline.

Otherwise, the Senate received four new bills, including proposals to remove the ceiling on the number of state examiners that may be appointed by the state auditor's office and to increase benefits of the police and firemen's pension fund.

Rep. Thomas J. Carney, D-71 Youngstown, proposed in a new House bill to require the Public Utilities Commission to collect "reliable" information on Ohio's future energy needs. "An energy crisis is afflicting Ohio and the country. Reliable information is needed before short or long range action can be taken," the Youngstown Democrat said.

THE BETTER HALF — By Barnes

"That's my decision . . . And it's semi-final!"

City Council action

(Continued from page 1)

not to return to a particular tavern but return anyway.

COE AGREED with Council that there is a problem in the downtown area and repeatedly expressed his intention to cooperate in resolving the problem.

Councilman Patton expressed his appreciation to Coe for his willingness to cooperate with the city.

Coe's appearance before Council was the result of the legislators' expression at the Jan. 24 meeting to crack down on bars where fights and other disturbances have become commonplace. At that time, Council instructed the solicitor to draw up a letter of intent to take legal action against the taverns if roughhousing and offenses against public sanitation aren't stopped.

CITY MANAGER WOLFORD reviewed a meeting he attended in Columbus with officials of the Attorney General's office and the Ohio Environmental Protection Agency concerning the schedule of improvements at the city wastewater treatment plant. A new timetable was established giving the city until 1977 to complete construction to stop pollution of Paint Creek.

The original timetable, set in August, called for construction to be completed by 1974.

Council accepted the resignation of Councilman J.M. (Mike) Arnold effecitive immediately. It accepted the resignation with regret and thanked Arnold for his service to the city.

Councilman Wood was reappointed to a one-year term by Chairman Wilson to the City Planning Commission.

FIVE ORDINANCES were adopted by Council as emergency measures.

Approved were:

An ordinance prohibiting the desecration or defacing of the United States flag and establishing a maximum penalty of $50. The ordinance was requested by Chester Hamulak of Burnett-Ducey Post 4964, Veterans of Foreign Wars.

An ordinance authorizing the payment of $1,960 to Kirk's Furniture for furnishings and fixtures to the new city offices.

An ordinance to amend the city zoning map to permit the construction of a multi-family apartment house at the intersection of Leesburg and McKinley avenues.

An ordinance giving the city's consent to the Ohio Department of Highways for the cleaning and painting of bridges on Court Street and on Washington Avenue.

An ordinance authorizing the city manager to renew a contract for the installation of litter receptacles on public sidewalks.

Councilman Cook recommended that the city again enforce the junk car ordinance, and Councilman John Rhoads said the city should investigate using a different type paint for the yellow lines on the streets. Councilman Patton commented that many of the city's street signs should be replaced.

The News in Brief

SAN PEDRO, Calif. (AP) — U.S Customs agents made their largest marijuana seizure ever with the confiscation of nearly eight tons of the drug from a Mexican-registered freighter docked in Los Angeles harbor.

* * * *

TOKYO, Japan (AP) — Presidential adviser Henry A. Kissinger today began five days of talks with Chinese leaders in Peking in an attempt to advance the improvement of relations between the United States and China.

* * * *

TEL AVIV (AP) — Israeli Air Force planes shot down an Egyptian MIG21 jet in a dogfight over the Gulf of Suez today, the Israeli military command announced.

* * * *

MIAMI BEACH, Fla. (AP) — Labor leaders voiced increasing resistance today to President Nixon's Phase 3 economic program, which continues a 5.5 per cent annual ceiling on wage hikes.

Paul Burnsky, president of the AFL-CIO Metal Trades Department, said he doubted that the federal wage guidelines would hold up in this year's coming big contract negotiations covering some 5 million workers.

* * * *

ROCKVILLE, Md. (AP) — An almost unprecedented flood threat continues unabated for some Great Lakes shores areas and connecting waterways, the National Oceanic and Atmospheric Administration said Wednesday.

The areas most critically threatened include shores bordering Lake Erie, the Detroit River, Lake St. Clair, Saginaw Bay on Lake Huron and Lake Ontario.

WASHINGTON (AP) — First lady Pat Nixon surprised reporters by smoking in public this week. Aides said they could not recall it ever happening before.

Mrs. Nixon joined her son-inlaw, Navy Lt. (j.g.) David Eisenhower, in having a cigarette after they, the President and Julie Eisenhower dined at Trader Vic's restaurant Tuesday night.

* * * *

LILLE, France (AP) — Achille Cardinal Lienart, 89, who retired in 1968 after 40 years as Bishop of Lille, died today.

* * * *

WASHINGTON (AP) — The Cost of Living Council, despite prospects of the biggest food-price increase in 22 years, has approved a recommendation that turkey farmers hold down production in 1973 in order to get higher prices.

The Agriculture Department advised turkey growers Wednesday they should not increase production this year more than 1 per cent above the 1972 record of 128 million birds if they want to avoid low prices.

* * * *

LONDON (AP) — Peking has pitched London a diplomatic curve with plans to buy or build British planes that cost hundreds of millions of dollars and have military potential.

The British, hungry for sales that would revive their sagging aircraft industry, are enthusiastic about the deal but know it could upset both the United States and the Soviet Union.

* * * *

CINCINNATI, Ohio (AP) — A seriously ill Hamilton man, who blamed the beating death of his four-year-old son on a retarded daughter 15 years ago, has been charged with the death.

A police guard was placed on Edward Verdin, 47, at Mercy Hospital Wednesday after he was charged with manslaughter in the death of Thomas R. Verdin on Nov. 5, 1957.

* * * *

TRAVIS AIR FORCE BASE, Calif. (AP) — Forty more liberated American prisoners of war arrive here today, following the joyous Valentine's Day arrival of 20 men who had been in Communist hands for as long as eight years.

Police, sheriff's office handle variety of calls

A 26-year-old Washington C.H. man is listed in critical condition in University Hospital, Columbus, after becoming ill at his home early Thursday.

Police said Kenneth E. Wolffe, of 1230 Columbus Ave., was taken to Memorial Hospital where he was examined and then transferred to University Hospital. Wolffe had recently recovered from an attack of flu and had returned to work Wednesday, his wife told officers.

Sheriff's deputies investigated an apparent breaking and entering at a Jeffersonville Store Wednesday.

Officers said someone had pried boards off a rear window at the Jeffersonville Discount Center and entered the building. Joshua Ousley, a store employe, who discovered the entry, said nothing appeared to have been taken.

Officers said the intruder had exited the store through a side door.

A cast iron bench was removed from a Washington Cemetery burial plot sometime over the past weekend, police reported. The bench was valued at $100.

COLUMBUS, Ohio (AP) — Following is the Ohio weather summary from the National Wealther Service:

A low pressure area moved through Ohio overnight, and moderately cold, northerly winds were expected to invade the state today, bringing up to three inches of snow across the state and gale threats to the Lake Erie shore. Heavier snow is possible tonight in the northeastern snow belt.

Temperatures were forecast to dip to the 20s this afternoon after readings in the 30s at dawn. Lows should drop to the teens overnight and highs Friday are forecast to climb back only to the teens and low 20s.

Gale force winds were expected to pound the southern shores of Lake Erie this afternoon, causing some shore erosion.

Rain was general across the state overnight, but was beginning to change to snow from the northwest this morning. Dense fog was reported in the northeastern part of the state, forcing some airports to close for a short time.

A chance of showers Monday. Highs Saturday in the teens, warming to the 40s by Monday. Lows 2 to 10 Saturday, warming to the upper 20s and low 30s by Monday morning.

Checks mailed to Ohio schools

COLUMBUS, Ohio (AP) — Atty. Gen. William J. Brown announced today he was mailing out checks totaling about $150,000 to school districts as the final payment of money due Ohio schools from a successful antitrust action by Brown's office.

Brown said the money was the last of $1.1 million the state won in a price-fixing suit against book publishers and wholesalers.

Report POW mistreatment

WATERFORD, Conn. (AP) — A freed prisoner of war returns to the United States today after what his father describes as months of imprisonment chained in a snake-and ant-infested bamboo cage.

Army Capt. George K. Wanat Jr., 27, was chained alone in the cage for five of his 10 months in Viet Cong hands, George K. Wanat Sr. of Waterford said Wednesday after talking to his son by telephone. His other five months were shared with another American, the father said.

The elder Wanat said in an interview that his son passed time with prayer and "intense study" of the ants in his cage.

"He told me he was an expert on ants now," Wanat said.

Wanat said his son was in good spirits and sounded "very much like the man who left two years ago" except for a deep hatred toward his captors.

Wall Street prices mixed

NEW YORK (AP) — Stock market prices were mixed today against a background of renewed investor worries about the international monetary crisis.

Brokers had noted an apparent rise in confidence in the three-session rally that began last Friday. But uncertainties seemed to have regained their grip on the market in Wednesday's sharp declines.

The Dow Jones average of 30 industrial stocks was ahead fractionally but declining issues held about a 3-to-2 edge over gainers.

Prices included UMC Industries, off 1/4 to 16 3/4, Matsushita Electric, down 1/8 to 27 3/4, Westinghouse Electric, unchanged at 39 1/8, Texaco, unchanged at 37 1/2, and Avco Corp., off 1/4 at 13.

On Wednesday fell hard across a broad front. Analysts said the plunge was prompted largely by investors, second thoughts about U.S. plans to devalue the dollar. The news had been greeted initially with rampant enthusiasm, but it gave way to the feeling that the move left some manor international monetary problems unresolved, brokers said.

The Dow Jones industrial average registered its biggest one-session drop in 20 months, falling 16.85 points to 979.91. Declining issues outnumbered gainers 1,202 to 306 as volume reached a moderately active 16.52 million shares.

Mainly About People

Dorothy Mowery, Prairie Rd., is critically ill at her home.

Mrs. Gene McLean, of Milledgeville, is a patient in Mount Carmel Hospital, Columbus. She is in Room 341.

Tom Hillary, 212 E. Temple St., who underwent surgery several weeks ago in University Hospital, Columbus, is making a slow improvement. He is in Room 643.

Miss Shirley Mayer, daughter of Mr. and Mrs. Alfred Mayer, Ohio Rt. 38, has been honored with a scholarshp award to attend Nationwide Beauty Academy, Columbus. She will begin her training June 19 following graduation from Miami Trace High School.

Bobbie Jean Grushon, daughter of Mr. and Mrs. Robert Grushon, of Jacksonville, Fla., formerly of Washington C.H., has become a pledge of Zeta Tau Alpha International Fraternity at Morehead State University, Morehead, Ky. She is a freshman majoring in elementary education.

BULLETIN

HOLLYWOOD (AP) — Comedian Wally Cox, television's shy "Mr. Peepers," was found dead today in his Bel Air home, city firemen said.

Firemen said they found the 48-year-old comedian dead about 7:45 a.m. after being summoned to the home. The cause of death was not immediately known.

Smallpox wiped out nine-tenths of the Chipewyan Indian tribe of Canada in 1781, National Geographic says. Today they number about 5,000.

Opinion, Comment

WASHINGTON . . . by Marquis Childs

Nixon dogmatism doomed

WASHINGTON — In his second term President Nixon is trying to square the political circle. He is seeking conformity in terms of political ideology. This is not only an impossible goal, it can prove, as it has in the past, to be self-defeating.

Recruits in the new Nixon Administration must be tailored to the turnaround to conservative free enterprise and away from what the President considers the evils of statism. Dissent is abhorred and sternly rebuked. From the media it is taken as just short of treason to be repressed by whatever means possible.

The two major parties have never been grounded in dogma. Pragmatism, a wide range of choice among individuals of varied and often conflicting views, has been their strength. When the dogmatists took over under the banner of rule-or-else the end result was disaster.

THAT HAPPENED last year with the liberal-left ideologues asserting their control over the Democratic party. In 1964 the Republican party was taken over under Barry Goldwater by the dogmatists of the right, and Lyndon Johnson won re-election by what is still in the percentage of the total vote a record landslide.

The President and the stern idologues at the center of power today are bent on imposing their philosophy of antistatism. Chopping off programs that may or may not have outlived their usefulness is part of it. The battle with Congress, which the President seems likely to win if only by default, is part of it.

But the scope is much larger than the immediate struggle, involving, as I believe it does, the direction of our political life. Nor is the fate of the President the paramount concern. It is the future of the Republican party that is in jeopardy, ironically enough after a landslide for the office of President greater than at any time since it was founded.

THE COURSE the President is following with zeal, if not indeed with ruthlessness, goes directly contrary to the beliefs of the moderate - liberal wing. Charles Percy of Illinois, Edmund Brooke of Massachusetts, Clifford Case of New Jersey, Mark Hatfield of Oregon — these senators and other Republicans in both houses proved in the recent election to have a formidable following.

Percy got the largest plurality in the history of his state. He is the only candidate ever to carry all of Illinois' 102 counties. His plurality was twice that of the record holder, Adlai Stevenson, when the latter ran for governor in 1948 and his percentage of the vote substantially larger than that of the President. In the only state to go Democratic, Brooke won re-election in Massachusetts by 60 per cent of the vote.

These men are currently playing it low profile. They do not want to offend the victor in his hour of triumph. They are, however, thoroughly, aware of what the election returns meant as the Republicans, in the face of the Nixon landslide, failed to carry Congress. They are aware, too, of what can happen in the congressional elections next year when certain of their fellow moderates — Sen. Charles (Mac) Mathias of Maryland is one — come up.

A DICTATE from the White House may temporarily carry all before it. Far from uniting the country it will not unite the party. That the moderate - liberals will forever sanction by their silence a dictated policy, to say nothing of a predetermined candidate in 1976, is not in the cards.

The symbol of the American political party, whether Republican or Democrat, is the circle and not the square. The old analogy of the Circus tent is as valid today as it was in the past.

The President may be able to win the ideological game by appealing to the fears of the affluent — fears of more taxes, fears of black militancy, fears of big government and decay of individual responsibility.

But this is sure to be a temporary triumph that will dissipate the electoral victory of November. And that outcome will be recorded in the congressional elections of 1974.

Another View

"SOMEONE SUGGESTED THEY TRANSPORT US AMERICAN EXILES HOME IN BARRELS."

The Pipeline issues

In acting to overturn a lower court decision and thus block construction of the Alaska oil pipeline, the U. S. Court of Appeals in Washington issued a ruling that deals narrowly with a specific point in the law. The broader issues raised by environmental groups opposed to the pipeline remain to be considered.

Counsel for several groups seeking to prevent construction of the pipeline from Prudhoe Bay on Alaska's North Slope to Valdez in the south contended that plans violate a provision of the Mineral Leasing Act of 1920. This says that rights of way over public lands may extend only 25 feet on either side of the pipeline, whereas a 146-foot right of way was granted for the Alaska project.

The appeals court agreed that this provision applies. The court also determined that the secretary of the interior lacks authority to grant the special land use permit requested by the oil consortium. In effect this ruling says that unless Congress suitably amends the act the project as now conceived is dead.

Congress is likely to amend the 1920 law at the request of the oil firms involved, but precipitate action would be inadvisable. We agree with the environmental groups that "any legislative action without a comprehensive examination by Congress of the underlying issues would be contrary to public interest." The legal battle under way the past three years has made it clear that these are substantial issues to which Congress should give thorough consideration.

Air suit trial set

CHARLESTON, W.Va. (AP) — A May 7 trial date has been set for five unsettled civil suits against Southern Airways stemming from the jetliner crash which killed members of the Marshall University football team, coaches and fans in 1970.

Michigan is the world's largest producer of automobiles.

Today is Thursday, Feb. 15, the 46th day of 1973. There are 319 days left in the year.

Today's highlight in history:

On this date in 1898, the U.S. battleship Maine blew up in the harbor at Havana, Cuba. The Spanish-American War followed.

On this date:

In 1564, the Italian astronomer, Galileo was born in Pisa.

In 1764, St. Louis, Mo., was established as a fur trading post.

In 1899, Czar Nicholas II of Russia suppressed liberties in Finland.

In 1922, the permanent court of international justice, the World Court, held its first session at the Hague in The Netherlands.

In 1942, in the Pacific war, Singapore surrendered to the Japanese.

In 1933, President-elect Franklin D. Roosevelt narrowly escaped assassination in Miami, Fla. A shot fired at Roosevelt missed and killed Mayor Anton Cermak of Chicago.

Ten years ago: Several persons including three army officers were arrested in France on charges of plotting to assassinate President Charles de Gaulle.

Five years ago: U.S. forces were pounding enemy forces who were holding the Citadel in the South Vietnamese city of Hue.

One year ago: Atty. Gen. John Mitchell resigned his Cabinet post to direct President Nixon's re-election campaign.

Today's birthdays: Composer Harold Arlen is 68. Former West Point football Coach Earl Red Blaik is 76.

Thought for today: When fortune knocks, open the door — German proverb.

Welcome home card designed

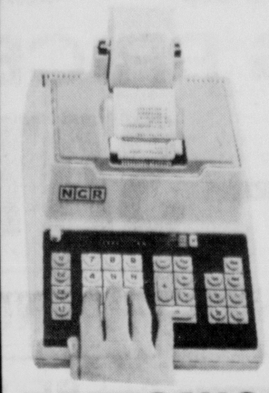

MASCOUTAH, Ill. (AP) — Work has started on a greeting card with "Welcome Home POWs" written in 15-foot-tall letters.

The dozen civic organizations that began painting the sign on a baseball field Monday night hope it will be read by released prisoners of war flying into Scott Air Force Base near here later this week.

Biting flies includes more than 60 species of mosquitoes.

MR. AND MRS. WILLIAM D. BAER

Pretty shower fetes bride-elect

An unusual and very pretty Valentine shower was given for bride-elect Miss Marcia McGuire of Gary, Ind., formerly of Wilmington, at the Denver House. Mrs. William D. Pond and Mrs. Russell Hodson entertained and Miss McGuire's aunt, Miss Marian Osborn, of Washington C.H., assisted.

Miss Osborn entertained through the weekend for Miss McGuire and her fiance, her family and friends, who came from Indiana for the parties.

The wedding of Miss McGuire and William H. Glaros, of Munster, Ind., is to be March 24.

Saturday night was very gay, with people coming from all over and Mr. Glaros joined the party, arriving in time to help unwrap the miscellaneous gifts. Miss McGuire's mother, Mrs. Donald Callender, and her sister, Susan McGuire, and Mrs. Reed Hagen were present from Gary, Ind., and the bridesmatron, Mrs. Robert Norberg, of Lafayette, Ind., for the party.

Guests first had a very elegant punch and were seated at tables lighted by red candles and trimmed with Valentines, cupids and hearts, for a light buffet. At the place of each guest was a red carnation corsage with hearts.

A soap opera called "Marcia and Will" was enacted for the bride-elect. The tenet was that when Marcia met Will she knew immediately he was a man of zest so all household kitchen goods, even a mop and basket, were brought in and Will was called Mr. Clean. There were lots of prizes for the guests.

A contest proved most amusing to everyone. Each made a bridal veil of tissue paper, Miss McGuire modeled them all, some long, others short, all kinds, and then selected the one she liked best. It was made by Mrs. Robert Greene, who won a prize. There were 35 guests at the shower.

Friday, Mr. and Mrs. Callender, Miss Susan McGuire and Mr. and Mrs. Hagen arrived here and Miss Osborn put them up at the Herefordshire Motel, and entertained them at dinner at the Lafayette Inn, Sunday. Miss Osborn entertained all the visitors at her home.

The father of Marcia and Susan was the late George P. McGuire, of Hillsboro.

The bride-elect was graduated from Wilmington High School in 1968 and DePauw University, Greencastle, Ind., and is teaching in Portage, Ind. Her fiance is a life insurance agent for the Prudential Corporation, in Whiting, Ind.

Lemon juice and butter make a good baste for broiled chicken. But if you want to vary the basic mixture, add a little soy sauce and a pinch of sugar.

East Gave West the Art Of Porcelain

PORCELAIN is over a thousand years old. The Chinese discovered how to make it in 900 A.D., but it wasn't until the early 18th century that Europeans finally hit on the right formula.

The first factory that produced real porcelain in Europe was started in Meissen, a German town that is now a famous name in porcelain, around 1713. The first pieces produced were inspired by classic Oriental designs — a fact that makes them even more priceless to collectors.

Couple wed in Connecticut

Miss Margaret Traver, daughter of Mr. and Mrs. Albert Traver II, of Watertown, Conn., became the bride of William Douglas Baer, son of Mr. and Mrs. Louis Naret Baer, of 421 E. Market St., in the Congregational Church, in Watertown, Conn.

The pastor of the church performed the double-ring ceremony at 7 p.m. Feb. 3 before an altar enhanced with vases of white mums. The church soloist sang "The Lord's Prayer."

Given in marriage by her father, the bride wore an off-white French organza period gown with silk ribbon and lace trim with bishop sleeves, full train, and matching silk illusion headdress and veil. Her only jewelry was an heirloom pin, which belonged to the groom's grandmother. The bride carried an old-fashioned nosegay with sweetheart roses.

Miss Jean Traver was maid of honor for her sister. She wore a full length powder blue silk matte jersey gown with white lace bib front and carried a single pink rose. The bridesmaids were Miss Martha Junk, cousin of the groom, Miss Barbara Stitt, Miss Betsy Hickcox and Miss Jean Weidemier, Conn. They wore spring green matte jersey gowns with white lace bib fronts and each carried a single rose.

Thomas Baer served as best man for his brother. Seating the wedding guests were Ken Cook, of Fort Lauderdale, Fla., Bill Junk Jr., and John Halliday, both of Washington C. H.

The bride's mother chose a formal length gown of pink matte silk jersey with bead trim. Mrs. Junk wore a long mint green crepe with full chiffon sleeves.

The reception took place in the Watertown Country Club with a buffet dinner, following the ceremony at 8 p.m. and dancing. Spring flowers were used in the decorations.

The new Mr. and Mrs. Baer spent the weekend at Cornwell on Hudson in New York, before their return to Columbus. Mr. Baer, a graduate of Marietta College, is associated with the Horton Company, in Columbus. Mrs. Baer, a former AFS student in Beirut, Lebanon, will graduate in June from Marietta College.

The bridegroom's parents entertained at dinner in the Curtis House, in Woodbury, Conn., the evening preceding the wedding.

Washington DAR

What's your favorite subject in American history? The American Revolution, the pioneers, World War I Aces, sea battles and invasions of World War II? Whatever your favorite, take time to learn more during February, American History Month sponsored by the Daughters of the American Revolution. You might just find that all of America's history is exciting and meaningful to remember.

What makes America? It's you and I and those who handed down our American heritage. In February read up on your American history. The Daughters of the American Revolution observe American History Month in February to remind us our history is exciting, it's meaningful and it belongs to us all. That's what makes America.

We sell America's most sensitive range

R-30DB

by Corning

Corning's Gourmet Counterange™ electric range is the only range we know about with not one but four thermostatically controlled surface heating areas. They're sensitive about the amount of heat they allow to flow into our flat-bottomed Cookmates® cookware (or any flat metal pan for that matter).

If you want a simmer, a simmer is what you'll get. That's less pot watching for you. And the special heating element is designed to deliver heat evenly with no hot spots, no cold spots, so there's less chance of scorching and burning. That's why flat-bottomed pans are so important. They let the engineering Corning built into the Gourmet range help make you a better cook.

The bottoms of the starter set of Cookmates® cookware you get with this range will always remain flat. And you can freeze, cook and serve all in the same pot or pan (that saves cleanup time). And just think how easy it will be to clean the rangetop with no coils, burners or drip pans to contend with.

The pyrolytic self-cleaning feature gets the oven really clean. All you do is turn two knobs. Controls start the oven and turn it off automatically even if you are elsewhere. (It's sensitive about your busy day, too.)

Come see this remarkable range. It's from Corning, the inventors of smoothtop cooking, and it's here right now.

Your Horoscope

By FRANCES DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FRIDAY, FEB. 16

ARIES
(March 21 to April 20)

This type of day should be the just-right one for you. Where a project is pending, take the initiative if it will prevent loss of time or assets. Otherwise you can "play it by ear."

TAURUS
(April 21 to May 21)

Now is the time to put forth your best ideas and back your good intentions with ACTION! Opportunity is at hand to profit by your many talents — especially those along creative lines.

GEMINI
(May 22 to June 21)

Try to control a tendency to worry over personal problems. Help is on the way! In fact, you should not only find assistance is your current dilemma, but also gain insight into ways to prevent future ones.

CANCER
(June 22 to July 23)

Some upsets indicated, but take them in stride and maintain an even disposition, and day's accomplishments will far exceed your expectations.

LEO
(July 24 to Aug. 23)

Personal relationships under excellent influences. Business associates should prove highly cooperative and, in your private life, you may get a chance to further a secret romance.

VIRGO
(Aug. 24 to Sept. 23)

Work should go exceptionally well for you now and superiors will notice the results. If an employer, you will get more help than usual from those under your supervision. A fine situation all around!

LIBRA
(Sept. 24 to Oct. 23)

An average day, on the whole, but there's a possibility of some complications in a financial matter. If you can, postpone action for 24 hours, when you can solve all with relative ease.

SCORPIO
(Oct. 24 to Nov. 22)

Business affairs active now, but you will have to operate on two fronts: Dealing with the opposition and trying to get your regular work done. But you CAN manage — especially if you don't panic.

SAGITTARIUS
(Nov. 23 to Dec. 21)

Mixed influences. In occupational matters, superiors will be most pleased with your efforts; on the personal side, members of your family may oppose almost any of your plans. Trying to maintain your balance may be difficult, but you CAN!

CAPRICORN
(Dec. 22 to Jan. 20)

A friend whose opinions are usually down-to-earth may suddenly advise some radical action. Don't listen! Be alert to potential consequences.

AQUARIUS
(Jan. 21 to Feb. 19)

You can put over some of your pet ideas now if you use the soft-sell approach. Turn on all of your innate charm, and don't give an impression of taking yourself too seriously.

PISCES
(Feb. 20 to March 20)

Some may encourage you to indulge in extravagance. If wise, however, you'll do some financial retrenching instead. A good day for projects which challenge your creative resources.

YOU BORN TODAY are endowed with an agile mind, an outgoing and gregarious personality and a delightful sense of humor. You are a person who should aim high and never stop increasing your fund of knowledge since, with it AND your versatility, you can achieve almost any goal upon which you set your heart. Your leanings are toward the intellectual and the creative, and you could succeed as a journalist, painter, a drama or literary critic, as an educator or scientist.

Hal Boyle . . .

Ode to a handout man

NEW YORK (AP) — The handout man hasn't been around today. He wasn't here yesterday. But you can bet he'll be around tomorrow—or the day after, for sure.

Sooner or later each week, and sometimes twice in a week, a shadow will fall across my desk, I'll look up and standing there will be the finest actor I've ever met—the handout man.

And unconsciously, I'll reach in my pocket and hand out two one-dollar bills to him.

The handout man isn't a professional actor. He's a middleaged panhandler, growing old ungracefully, who has been haunting me for 20 years. In that time I figure I've handed him out may $1,500—enough to keep me in cheap cigars in my own old age.

I've known my handout men in my life, but none who has had the lasting quality shown by Jack, an itinerant Homer who acts out the roles he creates.

The main trouble with Jack isn't the money he takes from your pocket but the time he takes from your busy day while he tells his story and gives his performance. You break his heart and lower his dignity if you won't listen to his story and watch his performance before giving him his $2.

Each time they are different.

One day he comes in dressed with the distressed charm of an oil salesman whose well has just run out of oil. This is when he tells you of the big job he almost landed but just missed, usually because of a conspiracy by his enemies.

The late Lon Chaney was known as "The man with a thousand faces." I think Jack has him beat by at least one role.

This day he's on crutches, the other day on a cane. Last week his daughter became a drug addict, and he's trying to raise enough money to get her off the habit. This week his son will probably break his arm—again. Next week his wife will have another female operation, and the week after that he himself will have to have his 25th—or is it 26th—operation for a hernia.

Jack has a regular route of 25 to 50 clients, and plods it as conscientiously as a mailman. He has the persistence of a bloodhound, and if you play hide-and-seek from him successfully one week, he simply makes two calls next week.

A number of us have tried to help Jack. But what good would we do if—an unlikely event—we did succeed in reforming him?

We'd only wreck the career of a fine actor—and good acting is scarce enough in America as it is.

POW sister gets flowers from buddy

TAMPA, Fla. (AP) — A bouquet of red roses sent by a homeward-bound prisoner of war brightened Valentine's Day for Becky Williams, whose brother is still held captive in North Vietnam.

Miss Williams, 20, waited by the telephone to hear if her brother would be among the 20 prisoners Hanoi said would be released soon. The word on Navy Lt. Lewis I. Williams didn't come Tuesday, but the flowers did.

"To the beautiful sister of a great guy. The bachelors all love you and so do the rest of us. Love Porter," the note on the longstem flowers said.

"I don't even know anybody named Porter," said the blonde nurse. "I guess my brother must have asked a buddy to send them to me."

At the Naval Air Station in Jacksonville, Operation Homecoming coordinator Cmdr. T. L. Tackowski said the flowers were sent by Lt. Cmdr. Porter Halyburton who apparently talked to Williams in a prison camp.

Williams, 29, was shot down 20 miles outside Hanoi on April 24, 1967.

Halyburton also sent a dozen roses to Mrs. Glenn Nixon in Cleveland, Ohio, from another prisoner and some other flowers to his own wife in Tucker, Ga.

Belived to be the highest falls in North America, 1,443 feet, the Delta Falls are part of the Great Central Lake, near Alberni on Vancouver Island, Canada.

Ohio Perspective

Buckeye farmers to push for bargaining bill

By DEAN SCHOTT
Associated Press Writer

COLUMBUS, Ohio (AP) — Four Ohio groups, representing nearly all of the state's 110,000 farmers, plan to push for agricultural bargaining and marketing legislation in the 110th General Assembly.

The legislation is presently being drafted by the Ohio Farm Bureau Federation. It will be presented to the Ohio State Grange, National Farmers' Union and National Farmers' Organization for their support.

C. William Swank, executive director of the Farm Bureau Federation, said, "The thrust of the bill will be to make mandatory the recognition of farmers' rights to be organized and be represented in contract negotiations."

Swank said the legislation will also "recognize the duty on the part of the contractor to negotiate in good faith with the farmers." He said the measure will have sections that force the contractors to go to court or face penalties if they violate the law.

Farmers would be permitted to organize into associations and negotiate contracts if they represented two-thirds of the farmers with half of the production or half the farmers with two-thirds of the production.

Swank emphasized, "There will be no compulsion to make the farmers join an association. They will be free to join or not join, whatever they wish."

A contractor could not pay more to a producer who was not an association member in an effort to break up the association.

He said the legislation will be aimed initially at fruits and vegetables, and may be later enlarged to include livestock, poultry and grain producers.

Fruit and vegetable processing companies now negotiate with farmers for individual contracts that may vary from one grower to another.

The legislation, Swank said, would "bring processing companies to the negotiating table. Some do it now reluctantly while others refuse outright to do it."

Eugene Abercrombie, state agriculture secretary, said, "The legislation would give producers of a given product the right to negotiate a price. The Ford Motor Co. doesn't ask what you will pay. They tell you.

"Now farmers have no control over the price," he said. "It's a matter of the farmer saying: 'Here it is. What's it worth today?'"

Similar bargaining legislation failed in the last legislature.

HEADS NEW BRANCH — Carol Kummerfeld, director of the newly-created women's division of the Civil Rights Commission, says in a Washington interview she plans to deal with issues which cut across both racial and sex discrimination lines.

Sharks will not touch a poisonous Sea snake because if the snake is not dead when swallowed, it will bit the lining of the shark's stomach and inflict its deadly poison.

Dear Abby:

Give your married man his walking papers

By ABIGAIL VAN BUREN

DEAR ABBY: I have been dating a very wealthy married man for the last three years. I was married when we started seeing each other, but I got a divorce because he said if I were "free" he would divorce his wife and marry me.

He told me that he had not laid a hand on his wife for five years, now all of a sudden she's pregnant!

I am wondering now If I am foolish to wait for him? He has children, and so have I. I quit work to be available to see him during the day, but there are days I never see him, and I am getting bored. He takes good care of me financially, but I am a young woman yet and need to know the future is secure.

I have had offers to dates with other men, but have stayed true to him. Please tell me if you think I'm being played for a fool. Or should I wait out his wife?

TIRED AND IMPATIENT

DEAR T. AND I.: Why don't you give HIM his walking papers. If it's security you're after, you won't find it with him.

DEAR ABBY: When you go to a restaurant and order a sandwich, and it comes with a few slices of pickle on the edge of the plate, are you supposed to eat the pickle? Or is it just there for decoration?

We took a survey at our school. Out of 125 students, 75 rejected the pickle, and 50 ate it (mostly with their fingers.) Can you just imagine all the pickles that are wasted in the city of New York Alone? How would you vote, Abby?

IN A PICKLE

DEAR IN: With the pickle eaters.

DEAR ABBY: You have absolutely made my year! I have had 21 years of moans and groans because of the name I gave my youngest daughter. And then you come along and print a letter from a girl who at age 18 actually CHOSE that very name out of all the names in the world!

My thanks to you, and to Bethany Lyn Brown from the mother of another Bethany Lyn.

MRS. HULL

DEAR ABBY: I have read that the quality of one's voice changes with age, and I'm sure it's true. And that is my problem because my husband said to me the other day: "I can't help it, but your voice just grates on my nerves!"

I have always been considered a good conversationalist and my personality has been described as "bubbling." But now I am so self-conscious about my voice I don't talk any more than I absolutely have to. And when I do talk to my husband, I try to use different tones and pitches so as not to irritate him.

I would be very grateful to you or to any of your readers if this condition of mine could be improved. Thank you.

UNHAPPY

DEAR UNHAPPY: On the chance that your problem is medical, first you should see a throat specialist for a complete examination of your vocal chords. If you are halthy, a speech therapist or a voice coach might be very helpful. Your local college (speech or drama department) can make recommendations. And good luck!

CONFIDENTIAL TO "DESPERATE FOR YOUR ANSWER": PLEASE tell me in which newspaper you read my column, and I will rush a confidential reply to you. It is not necessary to disclose your name.

Roman Catholics given warning about abortions

WASHINGTON (AP) — Roman Catholics have been warned by church leaders that they face excommunication if they undergo or perform an abortion.

"Those who obtain an abortion, those who persuade others to have an abortion, and those who perform the abortion procedure are guilty of breaking God's law," a pastoral message of the National Council of Catholic Bishops said Tuesday.

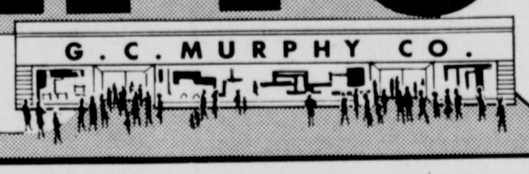

Excommunication means that the subject cannot receive the sacraments.

A recent decision of the U.S. Supreme Court had the effect of legalizing abortion.

During earth-moving projects for dams along the Missouri River, archeological discoveries were made that placed people in the region of North and South Dakota long before the time of Christ.

TV Viewing

By JAY SHARBUTT
AP Television Writer

NEW YORK (AP) — Two 30-second commercials about a common female complaint are scheduled to be broadcast here this weekend on WCBS-TV. They'll try to sell an idea instead of a product.

Their message is that job discrimination because of sex is just plain stupid. The commercials, called public service announcements, are being shown at no cost to the sponsor.

The sponsor is the National Organization for Women NOW, an activist women's rights group that hopes CBS' four other television stations and other broadcasters will run the ads.

Both commercials are lowkey. One shows a baby girl, with an off-screen female voice saying: "This healthy, normal baby had a handicap: She was born female.

"When she grows up, her job opportunities will be limited and her pay low," the voice says, adding that job discrimination based on sex is both illegal and a waste of human resources.

The other commercial illustrates the waste by showing a young woman, with a college degree and academic honors, being interviewed by a man in the personnel department.

"You know, of course, that we start all our girls in the typing pool," he tells her.

The commercials, filmed last October at CBS' owned-and-operated station in Philadelphia, were put together by NOW members with the CBS Television network footing the production costs.

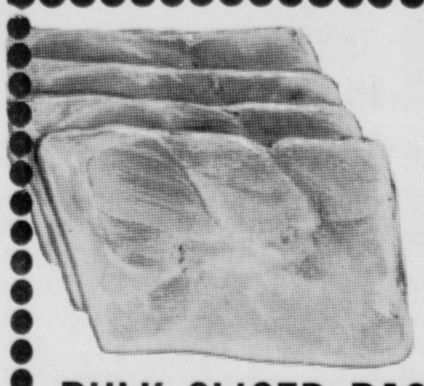

They came after two years of work by NOW members to find a way of starting a free national campaign to get their message across to the public, says Midge Kovacs, a NOW official here.

Although WCBS-TV officials say they'll run the ads, their counterparts at CBS-owned stations in Philadelphia, St. Louis, Chicago and Los Angeles still have to decide if they'll carry them.

But at least it's a start, says Midge Kovacs.

"We hope these announcements will raise questions in people's minds as to women's role in our society and if women have been fairly treated," she said.

All available camping space in Yellowstone is usually filled by noon each day during the summer. This includes 2,453 campsites and 365 trailer spaces.

Yesterday's Answer

DAILY CRYPTOQUOTE – Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

CRYPTOQUOTES

M T D P L L R W F J Y V W M T S M V H R, F L P T K H M A R P W J S A, M T D P L L R W F J Y L P F L R, F B M D B M L O L O R S I W W R T L. – L O J D P F C R Y Y R W F J T

Confiscated drugs go up in flames

CINCINNATI, Ohio (AP) — Approximately $100,000 in confiscated drugs went up in smoke Wednesday at the city's Red Bank incinerator.

Police burned the drugs, which included cocaine and heroin, sized in a number of drug abuse arrests.

The items had a street sale value of $100,000, police said.

Nearly one-third of all Canadians live in apartments.

Awards presented at Fayette County Corn Club banquet

The highlight of the annual Fayette County Corn Club Banquet, held Tuesday night in the Mahan Building, was the presentation of awards to four corn producers who dominated the six award categories in the 1972 Corn Club Contest.

Corn Club President Dwight Duff served as toastmaster and presented trophies to the winners.

Ron Rockhold, Concord Township, took both honors in the continuous corn division. Rockhold produced 174.8 bushel of corn with a net return above costs of $117.46.

Roger Rapp, Marion Township, received the trophy in the rotation division for highest yield and highest net profit per acre. Rapp produced 159.8 bushels per acre with a net profit of $118.86 per acre.

Rockhold's was the highest yield of all members, and Rapp's was the highest net profit per acre of all members.

In the youth division, Mark and David Hiser teamed up to win both awards. Their Corn Club plot produced an average of 144 bushels per acre and a net profit of $93.69 per acre.

RAY LOCKMAN, of the Agrico Chemical Co., discussed the results of the corn leaf analysis. Lockman made a comparison of the low-five yields and pointing out that the high yield group spent 43 per cent more on fertilizer and had a 96 per cent greater profit than the low group. Lockman also pointed out that the soil test and leaf analysis summaries show that potash levels are still low in many cases. He encouraged corn club members to look at their total fertility program.

County Agricultural Agent John Gruber and Duff presented certificates of achievement to all of the members who completed the contest. Gruber noted that because of the unusual harvest conditions this year several members did not take the extra time required to make yield checks. A total of 32 members completed. There were 57 corn producers who started in the contest.

In their comments both Gruber and Lockman pointed out that planting date had a significant effect on yields as the majority of the high yield plots were planted in late April and early May. Many of the plots planted in late May were lower yielding.

Gruber summarized the club averages of 134.7 bushels per acre with an average net return above costs of $72.33. He complimented those included in the summary for such outstanding records. Club averages are more than 35 bushels per acre above county and state averages for corn production. The average fertilizer expenditure was $25.95 and the average total cost of production per acre was $96.05.

DREXEL HYNES, chairman of the nominating committee, presented the nominees and conducted the election of officers and directors for 1973. Officers elected were Robert Willis, president; Roger Rapp, vice president, and Fred Shoop, secretary-treasurer.

Directors elected are: Concord Township, James Waddle and Harold Cox; Green Township, Hugh Wilson and Paul Norcross; Jasper Township, Wayne Arnold and Ron Kile; Wayne Township, Wayne Baird Kile; Wayne Township, Wayne Baird and Alan Wilt; Jefferson Township, Tom Sams and Cary Back; Madison Township, Wayne Hidy and Norman Schiering; Marion Township, Dwight Duff and Malcolm Bloomer; Paint Township, Alvin Sexten and John Cannon; Perry Township, Max Carson and John Grice; Union Township, Glen Armintrout and Drexel Hynes.

Dedication speaker set

OXFORD, Ohio (AP) — Dr. Edward G. Holley, dean of the school of library science at the University of North Carolina will be the featured speaker Saturday at the 2 p.m. dedication of Miami University's new $3 million King Library.

State office contractors are fined

COLUMBUS, Ohio (AP)— Contractors at the state office building construction site in downtown Columbus were fined a total of nearly $13,000 Wednesday for safety violations.

James A. Napoleone, acting area director for the U.S. Labor Department's Occupational Safety and Health Administration, said 13 employers were fined for infractions, including 10 violations that could lead to death or physical harm.

Fined the most was Martin and Nettrour Contractors of Columbus, the general trades contractor for the entire project, $5,450 for five serious and one minor violation.

Meanwhile, red-faced Ohio Building Authority officials had an aircraft warning light installed on the top of the 560-foot building Wednesday.

They acted after learning the structure hadn't met Federal Aviation Administration regulations since three large construction cranes were taken down from the top of the building and replaced by one large lifting crane.

Kiwanis plans for May 5 Talent Show

It's Teen Talent time again!

Kiwanis Club members are making plans for the fifth annual talent search in Washington and Miami Trace High Schools. The results of the search will culminate May 5 in the Junior High School auditorium.

Don Riber is again serving as the show's producer and will be announcing audition and rehearsal times. The music departments of both schools are cooperating and those with talents such as acrobatics, public speaking, dancing and others are also encouraged to audition.

The project is sponsored by the local Club, which feels that perhaps the greatest gain is for the contestants, who gets experience in performing before the public. The first prize money is $150, the second 100, third prize is $50 and $25 goes to fourth place winner.

Also assisted by the project are four young people from the two high schools who receive $150 each in college scholarships.

THE TEEN TALENT committee, composed of George Gibbs, Duane French and Swanson Mounts, presently is making advertising contacts, interviewing judges and lining up necessary equipment.

The talent search is only one of myriad projects of the local Kiwanis Club for the benefit and pleasure of the community. The club has assisted in obtaining play equipment for Christman Park and is host to the dinner in June at which The Record-Herald presents the Christman Athletic Awards. The Kiwanis Club also sponsors an ice cream social on the Fayette County Courthouse lawn in August, is in charge of ticket sales at the gate during the Fayette County Fair and has many other smaller projects.

The Rev. Gerald Wheat is Kiwanis president, George Gibbs is president-elect and Roger Kirkpatrick is secretary.

Social action groups hit at Ohio Bankers meeting

By DEAN SCHOTT
Associated Press Writer

COLUMBUS, Ohio (AP) — "We bankers are having the hell beaten out of us, and it's high time we identified our adversaries," said James H. Herbert, president of the Ohio Bankers Association.

Herbert, president of the Lorain National Bank, said the adversaries are social action groups, which seek to "affect the internal operations of banks.

"This includes minority hirings and the implementation of uplift programs to permit the hiring of the undereducated. Most bankers feel legislation in these areas has been far too sweeping."

Herbert made the remarks at the one-day, mid-winter meeting of the association, attended by more than 1,000 persons. Stephen Kohn, superintendent of state banks; Eugene Adams, president of the American Bankers Association, and Gov. John Gilligan also addressed the conference.

Herbert said, "Attempts to interject social policy into lending criteria are totally wrong and should be resisted by every practical-minded banker.

"If a banker wishes to make a marginal loan because he feels some persons should be given a chance, he may be acting commendably, but this action must remain his prerogative. He must never be compelled to make such loans."

Bankers should have a social conscience, he said, but should never feel social guilt. "We did not invent poverty and injustice and should not be expected to finance the correction of the nation's ills. . ." he added.

Kohn reviewed Gilligan administration proposals for updating and changing Ohio bank and loan laws and got a boost from the governor.

Arrests

POLICE

WEDNESDAY — Frank Pope Jr., 23, Washington Hotel, disturbing the peace by intoxication.

SHERIFF

WEDNESDAY — Carl D. Sayre, 26, Sylvania, speed excessive for road conditions.

Robert A. Wright, 58, Xenia, improper passing.

Blazing crash closes highway

CINCINNATI, Ohio (AP)—A four-mile stretch of the southbound lane of Interstate 75 was shut down for nearly three hours Wednesday night and early Thursday following a spectacular crash near the Mitchell Avenue interchange.

Police said a tractor-trailer jackknifed on the rain-slick highway, hit three other cars and burst into flames. There were three injuries, but no fatalities.

Traffic problems were compounded when some 2,000 young people left the nearby Cincinnati Gardens after a rock concert.

The section of highway was closed down from 9:20 p.m. to 12:15 a.m.

HAVE A DOG? — The Best Friends 4-H Club is recruiting some new members, since they have only seven. A meeting is planned for 7:30 p.m. Thursday in the DP&L auditorium for any girl or boy interested in knowing how to better care for their pet and obedience-train their "All American" or registered friend — but don't bring the dogs! For more information youngsters may phone the Extension office (335-1150). Shown are (left to right) Cynthia Blue, Laurie Lisk, Jeff Harper, John Persinger and Lu Brown. In front is Kevin Persinger.

JEFF DOWNS

PETE JONES

MT 1970 SCOL champion

Almost the same bunch of Miami Trace players, who will be hoping to grab a share of the South Central Ohio League cage title with a win over intra-county rival Washington C.H. Friday, were league champions at one other time in their careers.

Three seasons ago when the fuzzy-faced schoolboys first walked the halls of Miami Trace, the Panther freshman basketball team won an undisputed SCOL title and romped through a 15-0 season.

And like this season, the Panthers played Washington C.H. in the season finale.

Two of this Friday night's combatants — Washington C.H.'s Jeff Downs and Miami Trace's Pete Jones — staged a red-hot scoring duel as a sidelight of the Panthers' 62-59 win over the Blue Lions in the Feb. 12, 1970 game at the Washington Junior High School gym.

JONES, one of Miami Trace's leading pointmakers this season, was excellent from outside and at the free throw line in scoring points, while Downs, who got off to a slow start this year after suffering a fractured hand in a pre-season scrimmage game, displayed a variety of moves to the basket as he drove, drew fouls and collected 29 points.

A hard-fought contest all the way, the game was generously spiced with fouls and thrills as the 7-6 Lion frosh, coached then by Dale Lynch, played one of their better games of the season but were still unable to turn back the fine Panther team.

The performances of Jones and Downs were keys to the way the game went. Downs scored 21 points in the first half, most of them in the second quarter as the Lions took a 31-25 halftime lead.

Jones found a hot hand in the second half as coach Terry Richard's team caught and then edged in front of the Lions.

Others playing in that game and varsity cagers this year were Mike Domenico, Dick Witherspoon, Joe Downs and Chris Shaper for Washington C. H. and Glenn Gifford, Jeff Spears and Rick Cottrill for Miami Trace.

Almost carbon copy of 1969-70 season for WCH

SCOL history eyes repeat

South Central Ohio League history will nearly repeat itself when Washington C. H. and Miami Trace collide for the 26th time Friday night.

The Fayette County showdown, in which a SCOL title chunk will be at stake for either the Blue Lions or Panthers, is almost a carbon copy of the 1969-70 season finale, with just a few minor details changed, for head coach Gary Shaffer's Washington C. H. bunch.

A title share was also at stake in the 1969-70 finale when the Blue Lions entertained their intra-county rivals at the WSHS gym.

ALMOST THE same circumstances prevailed, except at that time Miami Trace had no change of figuring into the title bartering.

Washington C. H. and Greenfield were tied atop the standings and both needed wins to capture at least a share of championship, while a loss would have given the other an undisputed crown.

This time Washington C. H., Circleville and Miami Trace are all tightly bunched for league supremacy and the tables are just reversed from three years ago, in one respect.

While both Washington C. H. and Miami Trace fans will be hoping that Greenfield can upset Circleville Friday, the enthusiasts back then were praying that Circleville could pull a surprise on co-leading Greenfield.

In the game three years ago, Washington C. H. boasted a hefty seven-game winning streak, while this year it's just the opposite as Miami Trace will be risking a six-game spree.

FRIDAY'S GAME will be the final regular season contest for 13 Fayette County seniors, eight from Washington C. H. and five from Miami Trace.

Donning the Blue Lion togs for the final time in front of a home crowd will be Doug Rudduck, Joe Downs, Albert Donahue, Chris Shaper, Jeff Downs, Dick Witherspoon, Chuck Bath and Mike Domenico.

Miami Trace players completing their regular season cage careers will be Jeff Spears, Pete Jones, Rick Cottrill, Muff Jones and injured Glenn Gifford.

Ohio high school notebook

Extra eyeglass sparks Akron star in victory

COLUMBUS, Ohio (AP)—An eyeglass for an eyeglass. That's one method Akron Central-Hower High School basketball players use to score victories.

Don Thornton, Central-Hower's 6-foot-4 senior center, shattered the left lens in his glasses during the first half last week against Akron Kenmore.

Thornton continued to play the half with only his right lens. He shot wildly and missed a couple of passes because of his poor visibility, however.

Tom Beaver, a team substitute, talked with Thornton at halftime and discovered they had the same eye defect.

Beaver popped the left lens in his glasses, gave it to Thornton and he wound up with 16 points and 10 rebounds, leading a 74-64 triumph.

Around Ohio: Canton Lehman, top-ranked in Class AAA, has extended its regular season winning streak to 29 games. The old mark was 25 in a row in 1945-47 under Coach Jimmy Robinson, now the director of Ohio's high school all-star football contest.

Lehman, incidentally, is barely a Class AAA school and goes back into the Class AA ranks next season with a smaller enrollment. The Polar Bears won the Ohio Class AA tournament crown two years ago.

Three of Class A football runnerup Lorain Clearview's players play basketball well, too. Larry Harris, a wide receiver, is averaging 24.4 points as a 6-6 center, all-state tailback Otis Jenkins 15.5 as a 6-1 guard and Larry Fortner, a quarterback, 12.8 as a 6-5 forward.

Dan Hagen, Columbia Station's 6-7 senior center, has become Lorain County's alltime scorer with 1,842 points in 81 games, a 22.6 average. The school has retired his jersey number. He has a 25.8 average this winter, including 45 Saturday night for another school mark.

Carl McIlwain, 6-4 Andover Pymatuning Valley senior, cracked a school record with 50 points against Perry of Lake County Friday night.

Steubenville Catholic became the first Ohio school to whip Wellsville at home in more than three years. The 54-53 victory was accomplished without the team's No. 2 scorer, 6-4 Dave Slomski, lost for the year. He hurt a knee in practice.

Three of Akron's top players are No. 1 men on their schools' golf teams: 6-6 Dave Speicher of Ellet, 6-foot Dave Buhas of Garfield and 5-10 Dave Barnes of Buchtel. Speicher leads Akron in scoring with almost 24 points a game.

Springfield South committed only one foul and hit 60 per cent of its shots in the first 20 minutes to stun Waverly, Ohio's top-ranked Class AA five. South was the first Class AAA foe to beat Waverly after the Tigers defeated eight big schools this season.

Delaware Hayes has its first league championship in 21 years. New coach of the Pacers is Dan Baker, who led Northwestern of Wayne County to a state tournament title and later guided Marion Harding to the big school finals.

Rock Hill has scored 121 points in its last two games, including a school record 117-60 rout of Symmes Valley. Dave Shug, a 6-6 senior, bagged 49 points in that one.

Rossford plays Fostoria Friday night for the title in the unique Great Northern Conference, a combination of the Northern Lakes and Great Lakes Leagues. Rossford won the NLL and Fostoria the GLL, the same as in football.

Rick Brooks has his 100th coaching victory, a 34-29 Sebring overtime triumph at Hanoverton United. Lowellville beat Jackson Milton Tuesday night for its fifth straight Inter-County League crown.

Cincinnati Loveland, No. 10 in Class AA, plays Madeira Friday night, the last team to whip the Tigers 25 regular season games ago. Loveland has four regulars shooting better than 50 per cent, topped by 6-3 Mark Baron's 55.6 per cent.

East Tech, third in Class AAA, is 16-for-16 in its Cleveland city title games. The Scarabs won their 16th straight 68-62 over St. Ignatius. Lawrence Eolden scored a title game record of 36 points for East Tech.

Chillicothe overcame a 12-point deficit with three minutes left and then took Newark in overtime for its Central Ohio League crown in 12 years. Randy Foster, with 1,029 points, now is Newark's alltime No. 1 scorer.

Jim Goode of Waynesville of Warren County had his free throw string stopped at 36. Steve Doyle of Fredericktown, the Johnny Appleseed Conference's top pointmaker, hit 37 and 36 in two games last week.

Banquet Wednesday at MTHS

Ted Mullins speaker for SCOL cage fete

Ted Mullins, WBNS-TV sports director, will be the featured speaker at the annual South Central Ohio League winter banquet at 6:30 p.m. Wednesday at Miami Trace High School.

The banquet will honor members of the 1973 All-SCOL baskerball team. The six member SCOL head coaches will meet at 7 p.m. Sunday at Washington Senior High School to make the selections.

Previously, SCOL wrestling champions and all-league baseball, golf and track teams were honored at the winter banquet. But now a spring banquet is held for this purpose and this year's will be May 15 at Circleville.

THE SCOL Board of Control will meet at 4:30 p.m. Wednesday. The possibility of SCOL expansion will be discussed by the six governing high school principals since Madison Plains has decided to drop its membership following the 1973-74 season.

Mullins started working with Channel 10 in 1964 as a part-time announcer. Besides his duties at Channel 10, Mullins also reports the play-by-play action of Ohio State Buckeye football games on WBNS Radio.

He was born in Laura, Ky., and attended Columbus South High School where he played football and baseball.

For 27 months Mullins covered sporting events throughout the Caribbean for the Armed Forces Radio and Television Service. In Erie, Pa., he was a one-man news and sports department for WSEE-TV. He has also worked at WHOK Radio in Lancaster and WCOL Radio in Columbus.

Mullins, the father of two children, is a member of the Ohio Association of Sports Broadcasters and the National Football Foundation.

Youth proves top wrestler despite losing part of leg

WEST LIBERTY, Ohio (AP) — David Hess wins high school wrestling matches on 1½ legs.

The 17-year-old West Liberty Salem High School senior lost his left leg at the knee in a freak farm accident three years ago.

At first, the partial loss of his limb turned the Logan County youngster into an introvert.

"I used to be afraid to go in front of people because of my leg," Hess recalled. "Wrestling has helped me get over my shyness."

Hess has an artificial leg, but Ohio high school rules forbid him to wear it during matches. So he has to take on opponents in a kneeling position.

Despite such a handicap, Hess rolled up nine victories in his first 13 matches this season. He wrestles at 138 pounds.

Hess lost his leg spreading straw for cows on his dad's 600-acre farm Southwest of Bellefontaine.

He caught his boot in a tractor's power takeoff device while jumping off of it. Before he could free himself, the tractor took off. His leg was nothing more than mangled skin and bones below the left knee.

"I knew I wasn't going to be able to keep the leg as soon as I looked at it," he remembered.

However, the oldest of five children hasn't let the accident slow his daily routine.

He's up at 6 every morning milking cows. Then there's school, followed by more farm work. It's back to school for wrestling in midafternoon. Additional chores at home wind up a long day by 9 p.m.

"Sure, things were a little tough after the accident," Hess admitted. "Everything was a little different for a while. But I have learned to do just about everything I did before.

Ali declared victor over Joe Bugner

LAS VEGAS, Nev. (AP) Muhammad Ali came up with a commodity in short supply for him in these days of davaulation of the dollar—an opponent who looks good against him.

The former heavyweight champion of the world collected $275,000 for his Wednesday night fight against England's Joe Bugner who forced him to 12 full rounds before losing a close decision.

Former county man helps injured deer

BATAVIA — Thanks to quick action by a former Fayette County man and two Batavia veterinarians, a two-year-old buck deer is expected to survive his challenge with a pickup truck.

Jerry Camp, state game protector in Clermont County, and his two assistants took the wounded animal to the veterinarians' office where they attended to the deer's lost antlers, a broken jaw and multiple fractures of the right leg. The deer is now recuperating and is expected to fully recover, Camp said.

Camp, a 1965 graduate of Miami Trace and the son of Mr. and Mrs. Jerry W. Camp, 504 East St., stated that Clermont County has a large deer population, at least three times that of 10 years ago.

Sam Houston still on top in cage poll

By THE ASSOCIATED PRESS

Sam Houston State has convinced all but two of the voters in The Associated Press poll that it is the best small college basketball team in America.

State, 20-0 for the season, received 13 of the 15 first place ballots cast and earned 296 points for a wide lead over Augustana.

The other two No. 1 votes went to Augustana and unranked Bluefield.

Sam Houston State retained its No.1 rating with three impressive victories last week, including one over third-ranked Stephen F. Austin, 81-67.

Augustana won its two games last week to remain No. 2 and Austin remained third despite the loss to Sam Houston. Philadelphia Textile and Assumption, Mass., both won twice last week and exchanged places in the poll, with Textile moving to No. 4 and Assumption slipping to fifth.

Roanoke remained No. 6 with two victories last week and Wisconsin-Eau Claire took over No. 7 after running its record to 15-3 with a pair of victories. Louisiana Tech and Kentucky State, seventh and ninth respectively a week ago, met at eighth place, tied with 92 points.

Wisconsin-Milwaukee, 18-3 for the season, remained No. 10.

Nelson and Plummer sign Reds contracts

CINCINNATI (AP) — Pitcher Roger Nelson, acquired from Kansas City, and reserve Catcher Bill Plummer, are among 13 Cincinnati Reds who have signed their 1973 contracts.

Signed today were young outfielders Tom Spencer and Ken Griffey.

Spencer, from Gallipolis, Ohio, hit .279 last year at Three Rivers in the Class AAA Eastern League. Griffey hit .318 and 14 home runs for the same team.

Nelson had an 11-6 record and a 2.08 earned run average for the Royals.

Plummer, who appeared in 38 games for Cincinnati last season, hit .186. Most of Plummers appearances came when John Bench was shifted to right field after suffering a broken finger.

Terms of the contracts were not disclosed.

Dayton Gems lose

SAGINAW, Mich. (AP) — Russ Firesen slapped in the winning goal at 3:19 of the second period as the Saginaw Gears defeated the Dayton Gems 8-3 in International Hockey League action Wednesday night.

Friesen was one of three Gears to get two goals against the first place team in the IHL's South Division. Yuri Kudrasovs and Bruce MacIntosh also added two runs for Saginaw which is in last place in the IHL North.

76ers finally win

By THE ASSOCIATED PRESS

The Philadelphia 76ers are still having trouble putting the ball in the basket, but that doesn't stop them from winning a game once in a while.

Losers in their last 20 contests, the National Basketball Association's worst team finally came up with a victory—but needed a goal-tending call to do it Wednesday night.

"Tremendous," shouted a jubilant Kevin Loughery, the 76ers' coach, after his bunch defeated the Bucks 106-104 on a goal-tending call against Milwaukee's Dick Cunningham with 16 seconds left.

The winning goal, credited to Fred Boyd, sent the 76ers charging into their dressing room amid shouts and hoops. It appeared that they had won the NBA title.

"We beat a real, good club, too," added Loughery, who took over the wobbly team this year after Roy Rubin was fired.

Bonnies edge Xavier, 68-63

By THE ASSOCIATED PRESS

Fans at the St. BonaventureXavier basketball game Wednesday night should have been charged double admission, according to Musketeer Coach Dick Campbell. He figures they saw two games.

"The people who were here should have had to leave at halftime and pay to come back for the second half," he said after the Bonnies downed Xavier 68-63. "There were two different games in two different halves."

St. Bonaventure charged ahead early and held a 40-26 advantage at halftime. But Xavier came back strong after intermission and grabbed a brief 55-54 lead late in the game before the visitors regained control for good.

As it turned out, both teams hit 28 field goals, with the Bonnies winning the contest at the foul line, 12-7.

Meanwhile, fans at the Cleveland Arena actually did see two games Wednesday night as Bowling Green beat Cleveland State 96-80 and Akron George Green took game scoring honors with 21 points.

"That was Johnson's best game of the year and it equaled Jemison's best," Bearcat mentor Gale Catlett observed.

Dayton sailed to an easy 100-68 victory over Biscayne of Miami Wednesday night behind the 29-point performance of Donald Smith. It was the fourth straight triumph for the Flyers (11-10) and their sixth in seven games. It snapped an 11-game winning streak for Biscayne, now 17-4.

Wooster beat Ohio Conference foe Denison 81-73 as Mike Stolle chipped in 22 points and teammate Dudley Brown added 21. In a Hoosier-Buckeye Conference game, Wilmington upset Findlay 84-71.

Elsewhere, it was Defiance 86, Ohio Dominican 69; Walsh 83, Malone 80; Steubenville 63, Baldwin-Wallace 47; Thomas More 102, Ashland 93, and Youngstown State 78, Westminister 59. defeated Kent State 75-67 in a college twin bill.

Led by forward Cornelius Cash with 23 points, Bowling Green built up a 14-point lead in the first half and coasted the rest of the way.

"I've seen us play much better as a team defensively," Cleveland State Coach Ray Dieringer said later, "but when you're throwing in 52 per cent as BG did you're throwing in a lot."

Akron jumped ahead early en route to its 15th triumph in 19 starts. Forward Len Paul pumped in 18 points and snagged 10 rebounds.

"We threw it away," Kent Coach Frank Truitt lamented. "They put it to us early and they made 14 points on our 11 turnovers in the first half. We just never recovered."

Cincinnati survived an Ohio University rally to edge the Bobcats 79-78. Dave Johnson and Jesse Jemison paced the Bearcats with 21 and 19 points, respectively, while Ohio's

Courts

DIVORCES ASKED

Four new divorce suits have been filed in Fayette County Common Pleas Court.

Robert G. Phillips, Rt. 2, has filed a suit against Martha R. Phillips, Rt. 3, on grounds of gross neglect of duty. The parties were married Nov. 29, 1961, in Vanceburg, Ky., and have two children, according to the petition. The plaintiff asks custody of the minor children.

Lucinda S. Slager, Rt. 2, has filed suit for divorce against Thomas L. Slager, Rt. 2, on grounds of neglect and extreme cruetly. The parties were married June 19, 1960, at Madison Mills and have two children, according to the petition. The plaintiff asks support of the minor children and a division of property.

Dianiah L. Brown, 17½ Vine St., Jeffersonville, has filed suit for divorce against David Brown of Jeffersonville on grounds of neglect and cruelty. The couple was married Jan. 10, 1967, at Chillicothe and have two minor children, according to the petition. The plaintiff asks custody and support of the children and alimony.

Dolores J. Brill, Rt. 1, has filed against Eugene R. Brill, Rt. 1, on grounds of neglect and cruelty. The parties were married March 22, 1953, and have five children, according to the petition. The plaintiff asks custody and support of the minor children and alimony.

C. of C. executive at state session

James W. Dunn, executive vice president of the Washington C. H. Area Chamber of Commerce will be in Columbus Thursday and Friday attending the Chamber of Commerce Executives of Ohio Winter Conference.

Theme for the two-day session is "Anticipation — Not Reaction." Program topics will include: "Anticipation - 1980"; "How Will Local Government Look in 1980"; "Environmental Problems and Possibilities in 1980"; "Consumerism - Trends and Directions"; "A New Look at Education Countability"; "The 110th General Assembly - What To Look For," and roundtable sessions on various internal Chamber functions.

The session is being held at the Marriott Inn on S. Hamilton Road.

Cattlemen discuss European breeds

Approximately 45 cattlemen saw slides of the European cattle industry and discussed European beef breeds at a T-Bone Club meeting Wednesday night in the Rendezvous Room.

The speaker was Randall Reed, Ohio State University Extension beef specialist. Reed was one of 25 U.S. cattlemen participating in a 21-day tour of six European countries.

Reed told the cattlemen that he participated in the tour with the purpose of studying these breeds to see how they would fit in the domestic cattle industry. He pointed out that in 21 days the group traveled through 3,000 miles of Europe's countryside in six countries and looked at 11 breeds of cattle.

Reed mentioned that the breeds which showed the most promise for United States cattlemen included Chianina, Simmental (called Fleckvieh in some European countries), and Limousin, as well as the Charolais breed which has been prominent in the United States for several years. Reed mentioned several other breeds which may also see increased use in this country. These included Pinzgauer, Piedmont, Gelbvieh and Maine-Anjou.

IN COMPARING the European breeds to present British breeds of Angus, Hereford and Shorthorn, Reed described them as bigger, slower maturing, and having less marbling. He said that the latter was because of the Europeans desire for beef without any fat.

Reed also compared the European breeds indicating that many of them were dual purpose breeds being used for both milk production and meat production.

Reed summarized by saying that as straight bred animals "we would not like the European breeds." He told the cattlemen that the European breeds will have their place in the U.S. cattle industry in cross-breeding programs selecting desirable traits for improving the finished product of the American cattle industry.

Norman Schiering, Fayette Country Cattle Feeders Association president, conducted the meeting. He reminded the cattlemen of the tour scheduled for March 6. Reed was introduced by John Gruber, county Extension agent-agriculture.

WPAFB expects 2 POWs today

DAYTON, Ohio (AP)—The first two returning prisoners of war to be assigned to nearby Wright-Patterson Air Force Base were expected to arrive there late this afternoon, spokesmen at the base said.

The men are Col. Ronald E. Byrne Jr. and Capt. Burton W. Campbell, both Air Force officers. They have been assigned to the base for rehabilitation as part of the "Operation Homecoming" program.

Byrne's family resides in Peru, Ind., and Campbell's relatives are in Lorain, Ohio.

Doctors and Drug Addiction

Do doctors who know the dangers of drug addiction ever become hooked on drugs? We are studying this subject in our class. I want to be a doctor and I save your columns. Thank you.

Kenneth, Ohio

Dear Kenneth:

Rarely have I enjoyed a letter as much as I have yours. I have not reprinted your letter in its entirety. There are greater pleasures than the sense that I in some way can stimulate a student to pursue the study of medicine.

The joy of being a physician is limitless and I hope you will continue in your interest in a profession that is so gratifying.

Now, about doctors and drugs. Unfortunately the forces at work that make drug addicts do not bypass any segment of society. Some doctors are as vulnerable as are people in other occupations and professions.

Drug addiction among doctors is far less common, of course, because they know so well the dangers and the destructive factors in the lives of people who are involved with drug abuse.

Let me tell you this, Kenneth, and I hope you will pass it on to your classmates.

There are many wonderful rewards and joys in learning. The beauty of poetry, the charm of music, the loveliness of painting, and the excitement of studying the sciences and the humanities must never be sacrificed to the temptation of any kind of drug.

It is my firm belief that young people of your age can play a vital role in keeping friends and classmates away from the temptation of drugs.

There are many complicated forces and pressures in the equation that add up to drug addiction.

It is my hope that someone will yet find a way of reaching young people and really showing them that to start with drugs is to threaten their lives.

You could be that someone.

Is anything being done to remove the dangers of the hormones used by cattle growers to fatten their stock and their profits while shortening our lives?

Miss E.G.J., Tex.

Dear Miss J.:

The hazards of the hormone, diethylstilbestrol, in the meat we eat are recognized as scientific truths.

It is surprising how slowly the forces of safety put sufficient pressure on cattle growers to stop using this growth promoting hormone.

Canada and France are even more visionary than the United States in controlling this injustice to those of us who eat meat. They are now suspending all use of the hormone in cattle that later will be consumed by unsuspecting buyers.

The consumers in the United States are a powerful force that can by pressure insist that their meat be free of this hormone contamination if it is definitely harmful. The delicate balance between all hormones in the body is essential to good health. No one can risk consuming unknown quantities of stilbestrol that might upset this important body function.

SPEAKING OF YOUR HEALTH — Never ignore persistent fever. Fever is the body's signal that an infection is present.

2 hurt, property loss heavy in 5 accidents

Two persons, one a pedestrian, were injured, and property damage was reported as heavy in five traffic crashes investigated in the Fayette County area Wednesday by police and sheriff's departments.

A Sylvania man was hurt when his foreign model station wagon failed to negotiate a curve on Ohio 41, north of Jeffersonville, and overturned in a field.

Sheriff's deputies said Carl D. Sayre, 26, suffered lacerations and complained of a shoulder injury following the 11:15 a.m. crash. He was brought to Memorial Hospital and released after treatment.

Officers said the crash occurred about three miles north of Jeffersonville when the Sayre car failed to make the curve after coming over a rise and ran off the right side of the pavement. The car traveled over 280 feet in a ditch before overturning on its top in a field.

Damage to the 1972 model car was extensive. Sayre was cited for speed excessive for road conditions.

AN 11-YEAR-OLD Washington C. H. boy was treated at Memorial Hospital for facial abrasions suffered when he was struck by a car at the Temple and Hinde Street intersection at 11:46 a.m.

Police said James G. Everhart Jr., of 224 W. Market St., apparently ran from the curb into the side of a car driven by Eleanor L. Hartley, 33, Rt. 3, westbound on Temple Street.

The youngster was released from the emergency room following treatment. Mrs. Hartley was not cited.

Heavy damage was reported to two cars involved in a crackup on U. S. 35, a half mile south of Washington C.H. at 4:05 p.m.

Sheriff's deputies reported cars driven by Carolyn A. Williams, 32, Rt. 2, Jamestown, and Robert A. Wright, 58, Xenia, were southbound in a line of traffic when Wright pulled out to pass as Mrs. Williams made a left turn into a private drive. The Wright car collided broadside with the Williams auto in the northbound lane.

Neither driver was injured in the crash. Wright was cited for improper passing.

POLICE CITED Timothy T. Royster, 18, Rt. 1, New Holland for failure to yield right of way in a car-truck mishap at the intersection of North Street and Circle Avenue at 1:40 p.m.

Royster had pulled his pickup truck from the stop sign on Circle Avenue and collided with the left rear of a car driven by Barbara N. Paisley, 48, Rt. 3, northbound on North Street. Damage was minor.

A car driven by Geraldine B. Williams, 40, Rt. 3, Mount Sterling, was moderately damaged when it ran off CCC Highway-E at Beale Road and struck a culvert. Sheriff's deputies said the mishap occurred at 9:30 p.m. The driver was uninjured.

Canada's total grain exports for 1972 are estimated at 845 million bushels, up 80 million from 1971.

NOTICE TO OWNER OF LAND AFFECTED BY THE PROPOSED IMPROVEMENT, OF ASSESSMENT, OF DATE OF FINAL HEARING AND OF FILING CLAIMS FOR COMPENSATION OR DAMAGES

In the Matter of the George Miller Single County Ditch No. Petitioned for by Harry M. Bush, et al and others.

Office of County Commissioners,
Fayette County, Ohio.
February 12, 1973

To H.R. & Eva Allen, Harold Baker, May Baker, Robert B. & Hazel Baker, Orva Brown, Orvy Brown, Wilmer U. & Flora H. Bryan, Harry & Pauline Bush, Robert Carr, Mary Crabtree, Mearl Detty, Rube Gordon, James & Allie Griffin, Hector Harris, Melvin & Dorothy Hall, Harold Houseman, David Howland, Willard C. Kirk, Bess Lanum, et al, John & Naomi Long, Russell Mitchell, Joshua & Dorothy Owsley, Wm. Pratter, Kenneth & Ruth Ann Rinehart, John & Donna Rinehart, Kathryn Walters, et al, State Highway Department, Jefferson Township Trustees and Fayette County Highway Department.

You are Hereby Notified that the County Engineer filed in this office on the 12th day of February, 1973, the maps, profiles, plans, schedules and reports in the above named improvement, and that the assessment on each tract of land owned by you, as estimated and described in said schedule, is as follows: as per Engineers Schedule and you are further notifed that the Board of County Commissioners of said County has fixed the 19th day of March, 1973, at 2 o'clock P.M., at the office of said Board, as the time and place of the final hearing by the Commissioners on the report of the Engineer, and on the proceedings for the improvement, and that all claims for compensation or damages must be filed with the clerk of the Board of County Commissioners before that date; and that if bonds are to be issued for said improvement, you must give notice within ten days after said final hearing of your intention to pay in cash and if you do not give such notice of your intention to pay in cash within ten days the installments will be payable with interest added at the same rate that bonds bear interest.

Mary Morris
Clerk of the Board of
County Commissioners,
Fayette County, Ohio.

Feb. 15 - 22

Lukens plans court test on candidacy

MIDDLETOWN, Ohio (AP) — Although he is circulating candidacy petitions, State Sen. Donald E. "Buz" Lukens of Middletown said Wednesday he has not decided yet whether to seek the Republican gubernatorial nomination.

Lukens said he won't make that decision until next summer. He is circulating the petitions, he explained, to force his five-year suspension from political campaigning into court.

The suspension resulted from a finding by the Butler County Board of Elections that Lukens failed to meet the legal deadline for submitting his campaign expense statements from the November election.

Lukens claimed his statements got lost in the mail.

He said he expects Secretary of State Ted Brown to reject the petitions. Then Lukens will take the matter to court.

Ohio House OK to spark fight in Senate

Tax sharing vote due

COLUMBUS, Ohio (AP) — The Gilligan administration's $92.3 million federal revenue sharing bill was called up for passage in the Ohio House today with majority Democrats predicting it would go to the Senate unchanged.

The big spending bill would allocate the state's share of federal funds from Jan. 1, 1972, to July 1, 1973, in a way prescribed by Gov. John Gilligan and over objections of minority Republicans. They sought unsuccessfully to change spending priorities in the House Finance Committee, and were expected to offer floor amendments.

But Rep. Harry J. Lehman, D-16 Cleveland, said after a Democratic caucus on the measure Wednesday: "We expect it to be passed exactly as it is, without change."

Democrats control the House 58-41, but there are a few who disagree with certain features of the bill and may seek GOP help to make changes, spokesmen said.

Bill introductions and committee activity highlighted a busy legislative day Wednesday with the exception of a gentle skirmish in the Senate over its decision to keep up tradition and bar the press and public from Rules Committee sessions.

Two amendments were offered to the Senate's session rules which would have relaxed the outright secrecy concept approved by the Rules Com-

SALESMAN INJURED — This foreign model stationwagon overturned in a field on Ohio 41, about three miles north of Jeffersonville, Wednesday, injuring the driver, Carl D. Sayre, 26, Sylvania. Sheriff's Deputy Dave Krupla, (left), said Sayre's car failed to negotiate a curve and ran off the pavement for 280 feet before overturning. See story on Page 20.

South Viets harass peace force

By HUGH A. MULLIGAN
AP Special Correspondent

SAIGON (AP) — Tough cop tactics of the South Vietnamese guards at Saigon's Tan Son Nhut Air Base are jarring the delicate peacekeeping machinery.

The Polish and Hungarian delegations to the International Commission for Control and Supervision are threatening to move their troops out of the commission's compound at the base and take up quarters in downtown Saigon.

Sources close to the commission say the Poles are furious because their chief delegate, Bogdan Wasilewski, has been stopped several times at the gates and required to show his identity cards although his car was flying the commission flag. Once, he was forced to let his car be searched.

The Hungarians, most of them senior officers in distinctive pointed caps, object strongly to having to pass through the guard posts of another nation, particularly one whose peacekeeping activities they are supposed to be monitoring.

Canadian officers in limousines and scout cars flying the red Maple Leaf flag have been delayed for as long as four hours at the main gate in almost invariably futile attempts to escort Canadian and U.S. journalists to their compound.

"I try to hang as much shoulder out the window as possible every time I go past that guard point so they'll see the gold bars. But it doesn't always work," said a Canadian colonel.

The Viet Cong and North Vietnamese members of the Joint Military Commission say they complained this week to William H. Sullivan, visiting U.S. deputy assistant secretary of state for East Asian affairs, about their virtual imprisonment in a run-down barracks compound in a remote corner of Tan Son Nhut.

Since their arrival in Saigon, the Communist delegates to the four-party commission have let it be known that they welcome contact with Western journalists. The South Vietnamese government blandly insists it is not preventing anyone from contacting them inside their heavily guarded compound; but, every time a reporter approaches the gates, he is "detained" and his press credentials are lifted.

Pham Duong Hien, the government's press chief, told newsmen last week that the government had no objections to their making contact with the Communists at their compound. He assured them that their difficulties at the airport were the result of a "lack of coordination" between officials and the airport authorities.

Like the Vietnamese air force, Tan Son Nhut always has been a more or less independent center of power, politically apart from, and sometimes openly defiant of, the presidential palace annd the downtown politicians.

Two North Vietnamese representatives of the Joint Military Commission ran into trouble today in Hue, where a dozen South Vietnamese surrounded their car, beat on it with bamboo sticks and wet one of the men with some sort of liquid thrown into the car. The assailants backed away when an escort of South Vietnamese MPs got out of their car, and the North Vietnamese were not hurt. They lodged a complaint with the International Commission.

The Vietnamese in Hue are particularly bitter against the North Vietnamese because of the massacre of thousands of civilians there by the Communists during the 1968 Tet offensive.

Weather

Snow accumulating four inches or more near Lake Erie and one to three inches elsewhere, with temperatures falling into the 20s. Occasional snow or flurries likely tonight and Friday. Lows tonight 10 to 15 and highs Friday 15 to 20.

White House sounds out solons on North Viet aid

WASHINGTON (AP) — The White House reportedly is consulting leaders of Congress to determine how strongly postwar financial aid for North Vietnam is opposed on Capitol Hill.

A Republican leadership source disclosed the consultations Wednesday as the White House and Hanoi announced a joint economic commission to consider U.S. reconstruction aid for the North.

Congress has made clear it is in no mood to consider aid for Hanoi now. But the source indicated the White House is trying to find out what congressmen would consider approving after peace is established and all American POWs are returned, and the missing are accounted for.

Rep. H.R. Gross, R-Iowa, said the commission is "the conduit for the handout" and added, "I'm opposed to paying them anything."

Chairman George H. Mahon, D-Tex., of the House Appropriations Committee, which would have to approve assistance money, says Congress would not approve it now but he would not speculate on what might happen later.

"This is a very bitter and disturbing thing for the American people," Mahon said. "I think everyone will want to tread very cautiously in this area and I certainly will."

Sen. Charles E. Percy, R-Ill., has said also he does not believe Congress would approve aid for Hanoi unless it is contributed jointly by U.S. allies.

Secretary of State William P. Rogers told the House Foreign Affairs Committee last week that is what the Nixon administration is trying to work out.

The U.S.-Hanoi commission was announced by the two countries in a joint communique reporting on presidential adviser Henry A. Kissinger's weekend meetings with North Vietnamese officials.

The communique said they exchanged views "on the manner in which the United States will contribute to healing the wounds of war and to postwar economic reconstruction in North Vietnam."

Wholesale prices shoot skyward

WASHINGTON (AP) — Wholesale prices rose sharply in January for the second straight month, largely because of increases in prices of farm products, the government said today.

The report presaged large increases in consumer prices. Likely, the sharp advances in wholesale prices will be reflected soon in the Consumer Price Index.

The Bureau of Labor Statistics said the Wholesale Price Index went up by 1.3 per cent in January on an unadjusted basis and 1.1 per cent on a seasonally adjusted basis. Despite the huge increase, the rise was less than the similarly sharp increases in December.

The BLS said that prices of farm products and processed foods and feeds rose by 3.3 per cent, or almost 40 per cent at an annual rate. With the seasonal factors taken in, the rise in prices of farm products was 2.9 per cent.

Despite the big increases in farm and food prices, the report showed that prices of industrial commodities rose less sharply. The industrial commodities index is regarded as one of the most sensitive gauges of inflation in the economy.

According to the report, prices of industrial commodities went up 0.5 per cent on an unadjusted basis and 0.3 on a seasonally adjusted basis.

U.S., Cuba sign accord on hijacking

WASHINGTON (AP) — A U.S.-Cuban agreement to curb air and sea hijacking went into effect this morning with simultaneous signing ceremonies here and in Havana.

Although the exact text was kept under wraps prior to the actual signing, U.S. officials Wednesday night confirmed the basic effects as reported earlier by The Associated Press.

These included provisions for prosecution or extradition of persons charged with hijacking a plane or a ship and a U.S. pledge to enforce its neutrality laws barring use of American property or soil to harass Cuba.

The pact is not retroactive and will not affect hijackers who already have fled to one country or the other.

In addition, the United States retains its traditional policy of accepting as a political refugee a person who arrives without having endangered the crew or passengers of a ship or plane.

This had been a problem in the 2½ months of negotiations. Cuba originally wanted the agreement to cover such acts as the seizing of a crewless or passengerless craft.

The result of the negotiations, which were conducted indirectly through the Swiss ambassadors in Havana and Washington, were described as highly satisfactory from the U.S. view.

Officials said the agreement would be both a real and psychological block for hijackers. But in spite of these benefits, the American officials repeated that the agreement is not considered an opening to better general relations with Cuba.

They say President Nixon has not changed his position of last November when he said the Fidel Castro government would have to change its generally hostile attitude toward Washington and stop its policy of exporting revolution to other hemispheric nations.

U.S. officials said Cuba was eager for a settlement and therefore willing to concede American positions.

The Havana government was said to be increasingly embarrassed by hijackers who ordered planes flown to Havana.

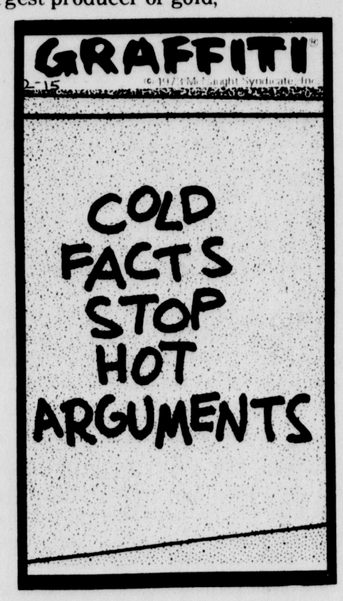

Dollar sags

LONDON (AP) — The U.S. dollar sagged on foreign exchanges, and the price of gold reached new peaks today amid widespread doubts over the stability of the world monetary system following devaluation of the American currency.

The dollar opened lower in most centers, but there were signs the decline toward its new official parities was slowing.

Sales of dollars, relatively heavy Wednesday, appeared to be slowing also. But dealers reported no indication speculators had begun buying dollars to reap the profits from the huge amounts of yen, German marks, Dutch guilders or Swiss francs they bought feverishly last week.

The price of gold climbed to new peaks in bullion markets everywhere. Dealers said this was partly a reflection of the upvaluing of the money of South Africa, the world's largest producer of gold,

An atmosphere for progress!

Council chairman calls for general clean-up of city

By LARRY JOSEPH
Record-Herald City Editor

Create the right atmosphere and industry will seek you out, was the comment of Council Chairman Billie Wilson at the regular meeting of Washington C. H. City Council Wednesday night.

The chairman's comments came at the end of the session which included a discussion of traffic problems on Clinton Avenue at the intersection of Fairview Ave. and a report by a tavern owner concerning the problems of maintaining order. Council also heard a report by City Manager Dan Wolford on the schedule of improvements to the wastewater treatment plant.

Wilson pointed out to Council that the city had gone through a rough fall and winter season. He said the city street and service departments have a lot of work to do in cleaning up the city, patching and striping the streets.

"We try hard to bring industry into the community," Wilson said. If the city creates the right atmosphere with churches, schools, cleanliness of the town and a good Police Department, the persons representing the industries will seek out the city, Wilson said.

He suggested that Washington C. H. make an extra effort to clean up the town and create the atmosphere of cleanliness. His comments drew approval from other members of Council.

A PROPOSED ordinance to prohibit parking on the south side of Clinton Avenue between Draper Street and Fairview Avenue died for lack of a motion to read it. Instead, Council discussed a proposal to place a traffic signal at the Fairview Avenue intersection, move the center line on Clinton Avenue and seek the cooperation of Pennington Bread, Inc., for a change in the plant's exit. It was also proposed that the city seek state and county assistance to pay for the traffic signal since Fairview Avenue is the southwest border of the city.

Councilman Donald E. Wood, a member of the Safety Committee, said he and Police Chief Rodman Scott had studied the problem on Clinton and had agreed that parking should be eliminated on both sides of the street. Glen Whittington, of 917 Clinton Ave., said he did not believe the elimination of parking would stop the rash of accidents. Whittington said excessive speed and drunken drivers are creating the problem. He suggested the installation of a traffic signal. Whittington also suggested the moving of the center line.

Councilman Hugh Patton agreed with the traffic signal proposal, saying he thinks it would be an asset. He suggested that Pennington be contacted and asked to move their exit.

RONALD COE of the H&H Bar and Grill, 203 E. Court St., told Council he intends to cooperate with the city in an effort to stop disturbances in or around taverns in the city. He called for stiffer penalties for violators as he told Council of his efforts to stop disturbances. He said he had filed many disturbing - the - peace complaints but the violators post bond and do not appear in court. He said he intends to get rid of the undesirables from his place of business and added that 20 to 30 persons are causing the problems in all the taverns in the city. He said these persons have no respect for the fines and the same people commit the same offenses over and over.

City Solicitor James A. Kiger told Council that Municipal Court does not have to accept forfeiture of bonds, although this is the normal procedure. He said the court could issue a bench warrant and force the violators to make court appearances. The solicitor also said that other charges could be filed against repeat violators, especially those who have been ordered

Foul weather rakes eastern United States

By THE ASSOCIATED PRESS

Snow, sleet ice and rain prevailed in areas east of the Mississippi River today, and cold but fair conditions prevailed for the western half of the nation.

Gale warnings were posted for much of the Great Lakes with prospects of high waves and shore erosion. A cold wave warning was issued for the upper Mississippi Valley. A storm centered in western Pennsylvania brought rain, freezing rain, sleet and snow to the eastern Ohio Valley and middle Atlantic coastal states.

Heavy snow warnings were released for Vermont, most of New York and northeast Pennsylvania.

Travelers advisories were posted for most of Pennsylvania, central Maryland, New Jersey, and southeast New York state, including New York City, Connecticut, Massachusetts and Rhode Island.

Rain, drizzle and dense fog covered most of the Ohio Valley. Snow spread eastward from the Great Lakes to the Atlantic Coast.

In the Southeast, where record snow fell over the weekend, rain showers and thunderstorms rumbled across the region.

More than an inch of rain soaked Jacksonville, Fla., during the night. Dense fog settled over the Carolinas.

In the West, cold temperatures prevailed but most precipitation was confined to the central mountains of Arizona and the plateau region. Travelers advisories for the area warned of possible snow accumulations of up to 4 inches.

Temperatures before dawn ranged from 12 at International Falls, Minn., to 74 at Ft. Lauderdale, Fla.

Coffee Break . .

CAR OWNERS wishing to reserve 1973 Ohio license plate numbers must have their titles when they stop in the office at 606 Rose Ave., reminds Mrs. Mary Jones, deputy registrar at the Washington C.H. License Bureau . . .

Mrs. Jones said owners have until March 10 to reserve a license plate number . . . The tags will go on sale the morning of March 16 . . .

Newsman, Indians testify on stolen document return

WASHINGTON (AP) — A federal grand jury today refused to indict a reporter and two Indians on charges of possessing documents stolen from the Bureau of Indian Affairs last fall.

After the grand jury's decision was read to investigative reporter Les Whitten and Indians Hank Adams and Anita Collins, the government moved that the case be dropped.

Whitten, in a hallway interview afterward, said he felt the government had wanted to show that he and his boss, syndicated columnist Jack Anderson, had paid for the three cardboard cartons of documents. They had not, he said.

The FBI arrested Whitten and Adams Jan. 31 as they carried three cartons allegedly containing the stolen documents from Adams' apartment to Whitten's car. Adams says he was returning the documents to the FBI, via the BIA, and that he had asked Whitten to assist him in exchange for an exclusive story. Miss Collins, the government says, picked up the documents at a bus station the previous night, allegedly accompanied by a police informer who posed as an Apache.

The government contends the three intended to convert the stolen documents to their own use. The government said an unnamed informer was their source of information about the intended use of the documents. News reports here identified the informer as a District of Columbia policeman John G. Arelland.

Anderson said the grand jurors questioned him on whether "Les had spoken to me in advance about plans to return the documents—and he had—and whether he had paid for the documents." He said the documents had been offered to Whitten free.

Congress drags on national strikes

By WALTER R. MEARS
AP Political Writer

WASHINGTON (AP) — Despite periodic promises and rhetoric, Congress is still dealing crisis-by-crisis with the problem of transportation strikes that threaten to create national emergencies.

The latest such episode was that of the Penn Central Railroad strike, stopped by law within hours after it began.

It was a familiar exercise, something that has happened eight times within six years, as Congress acted on special legislation to deal with transportation strikes.

Each time, amid the crisis atmosphere that has prodded Congress to quick action, there have been demands for legislation to create permanent machinery so that the government can cope with future emergencies.

Each time, the pressure has ebbed with postponement and eventual settlement of the walkout.

President Nixon has proposed emergency-strike legislation in the past, although the administration, anxious to gain labor votes, did not press the issue in the last election year. Presumably it will be revived in one of the President's messages to Congress.

Bills to empower the government to deal with future strikes already have been introduced in both House and Senate, one of them by Sen. Robert P. Griffin of Michigan, the Republican whip and chief sponsor of past administration proposals.

Griffin said there must be long-term action to "get Congress out of the labor arbitration business" of dealing with each strike and its issues only after a walkout is under way.

His proposal, similar to the terms the administration recommended to the last Congress, would empower the president to order cooling-off periods of up to 110 days to head off transportation strikes that threaten the national health or safety.

In the Penn Central strike, Congress ordered a 90-day cooling-off period, until May 9, with the administration to report in the interim on negotiating progress and recommendations for settlement.

In the House, Rep. J. J. Pickle, D-Tex., said the only bill with a chance of passing would be one including provisions distasteful to both labor and management.

In simplest terms, government seizure or operation of a strike-bound industry is the alternative most distasteful to management, compulsory arbitration is anathema to labor. Both possibilities are raised by most of the proposed measures, although varying forms of arbitration loom as the likely final solution to any dispute that defied negotiated settlement.

Pickle said Congress itself has become a sort of super arbitration panel. "Believe me, a 535-man arbitration board is no way to run a railroad," he said.

Deaths, Funerals

Mrs. Alverda Bolton

Services will be held Saturday in the Robert Mahew Funeral Home, Oak Hill, for Mrs. Alverda Mae Bolton, 83, who died at 7:45 a.m. Wednesday in the Fireside Nursing Home, Peoria, Ill.

Mrs. Bolton, the widow of Dr. Edgar O. Bolton, a veterinarian, who died in 1946, had been a patient at the nursing home a year.

Born at Kitchen, in Jackson County, she was the daughter of Oscar and Nancy A. Harrison Smith. She was for many years employed by Ohio Bell Co. here. She and her husband lived at 829 S. North St.

Mrs. Bolton is survived by two sons, Dr. William O. Bolton, of Peoria and Ellis Bolton, of Sanford, Fla.; three daughters, Mrs. Howard Winner, of Sharon, Pa., Mrs. William Bechdolt, of College Park, Md., and Mrs. Anita Jennings, of Decatur, Ill.; 20 grandchildren and five great-grandchildren; a brother, Spurgeon Smith, and a sister, Mrs. Minnie Jones, both of Oak Hill. Nathan Bolton, of 337 Rawlings St., is a grandson.

Friends may call at the funeral home Friday afternoon and evening and burial will be in Oak Hill Cemetery.

Mrs. Rube Gordon

JEFFERSONVILLE — Mrs. Icie Wilson Gordon, 68, of Park Rd., near Jamestown, died at 9:55 a.m. Wednesday in Greene Memorial Hospital. She had been in failing health for several years and was seriously ill the past two weeks.

Born near Bloomingburg, she had resided in Bookwalter before moving to her Greene County home 26 years ago. She was a member of the Bookwalter Church of Christ in Christian Union.

She is survived by her husband, Rube Gordon; two brothers, Woodrow Wilson, Bookwalter and Orville Wilson, Miami Trace Rd.; three sisters, Mrs. Alice McBee and Mrs. Mary Huff, both of Bookwalter, and Mrs. Martha Belle Penn, of Frankfort. A son, one daughter and three brothers preceded her in death.

Funeral services will be conducted at 1:30 p.m. Saturday in the Bookwalter Church of Christ in Christian Union by the Rev. Russell Knisley. Burial will be in Hidy Cemetery.

Friends may call at the Morrow Funeral Home, Jeffersonville, after 1 p.m. Friday.

Mrs. Louise B. Gibler

SPRINGFIELD — Services for Mrs. Louise B. Gibler, 84, of 1218 Garfield Ave., will be held at 2:30 p.m. Friday in the Jackson, Lytle and Coffman Funeral Home, with burial to follow in Glen Haven Memorial Gardens.

Mrs. Gibler, who was born in Washington C.H., the daughter of Frank and Emma Nigh Hause, died Wednesday in the home of a daughter, Mrs. Robert (Mary Jane) Ziegler, 40 Koons Dr., Enon. Mrs. Gibler is also survived by a son, Donald W., of Enon.

Ohio Assembly

(Continued from page 1)

mittee 9-0 on Tuesday in the presence of reporters. Both amendments were defeated by margins of more than two-toone.

Sen. Thomas A. Van Meter, R-19 Ashland, a freshman member, sought to require that the entire Senate would have to vote by a two-thirds majority to close any committee meeting. Opponents, who argued the vote among committee members was sufficient, prevailed 22-8.

Sen. Paul R. Matia, R-25 Westlake, in another futile amendment, sought to require the powerful Rules Committee to file recorded votes of members in the clerk's office after adjournment of each meeting. He was voted down 23-8.

Majority Leader Theodore M. Gray, R-3 Columbus, defended the idea of keeping closed the deliberations of the Rules Committee, which he said has been the practice since the days of our founding fathers.

"He maintained, with other senators, that the public doesn't want or seek to know what goes into every aspect of political decision-making. "Democracy in its true form doesn't work," Gray asserted.

In other developments, two proposed constitutional amendments to pay a Vietnam veterans' bonus and provide for tandem election of the governor and lieutenant governor hit snags in Senate committees. Both have been approved by the House, and must be certified to the Secretary of State by Feb. 22 to get on the May ballot, as sponsors intended.

A Senate subcommittee voted 3-0 to reject financing the $300 million bonus with a property tax increase, as proposed by the House, and instead to pay off the bonds out of the general revenue fund. The main sponsor, House Speaker Pro Tem Vernal G. Riffe Jr., D-89 New Boston, said he will fight the change.

Senate Judiciary Chairman Paul E. Gillmor, R-2 Port Clinton, whose committee has the tandem election bill, wants it changed to require the top state officials not only to be elected as a team, but also to be nominated jointly. He said he "doesn't see how" the amendment can get out of his committee by the Feb. 22 deadline.

Otherwise, the Senate received four new bills, including proposals to remove the ceiling on the number of state examiners that may be appointed by the state auditor's office and to increase benefits of the police and firemen's pension fund.

Rep. Thomas J. Carney, D-71 Youngstown, proposed in a new House bill to require the Public Utilities Commission to collect "reliable" information on Ohio's future energy needs. "An energy crisis is afflicting Ohio and the country. Reliable information is needed before short or long range action can be taken," the Youngstown Democrat said.

THE BETTER HALF — By Barnes

"That's my decision . . . And it's semi-final!"

City Council action

(Continued from page 1)

not to return to a particular tavern but return anyway.

COE AGREED with Council that there is a problem in the downtown area and repeatedly expressed his intention to cooperate in resolving the problem.

Councilman Patton expressed his appreciation to Coe for his willingness to cooperate with the city.

Coe's appearance before Council was the result of the legislators' expression at the Jan. 24 meeting to crack down on bars where fights and other disturbances have become commonplace. At that time, Council instructed the solicitor to draw up a letter of intent to take legal action against the taverns if roughhousing and offenses against public sanitation aren't stopped.

CITY MANAGER WOLFORD reviewed a meeting he attended in Columbus with officials of the Attorney General's office and the Ohio Environmental Protection Agency concerning the schedule of improvements at the city wastewater treatment plant. A new timetable was established giving the city until 1977 to complete construction to stop pollution of Paint Creek.

The original timetable, set in August, called for construction to be completed by 1974.

Council accepted the resignation of Councilman J.M. (Mike) Arnold effecitive immediately. It accepted the resignation with regret and thanked Arnold for his service to the city.

Councilman Wood was reappointed to a one-year term by Chairman Wilson to the City Planning Commission.

FIVE ORDINANCES were adopted by Council as emergency measures.

Approved were:

An ordinance prohibiting the desecration or defacing of the United States flag and establishing a maximum penalty of $50. The ordinance was requested by Chester Hamulak of Burnett-Ducey Post 4964, Veterans of Foreign Wars.

An ordinance authorizing the payment of $1,960 to Kirk's Furniture for furnishings and fixtures to the new city offices.

An ordinance to amend the city zoning map to permit the construction of a multi-family apartment house at the intersection of Leesburg and McKinley avenues.

An ordinance giving the city's consent to the Ohio Department of Highways for the cleaning and painting of bridges on Court Street and on Washington Avenue.

An ordinance authorizing the city manager to renew a contract for the installation of litter receptacles on public sidewalks.

Councilman Cook recommended that the city again enforce the junk car ordinance, and Councilman John Rhoads said the city should investigate using a different type paint for the yellow lines on the streets. Councilman Patton commented that many of the city's street signs should be replaced.

The News in Brief

SAN PEDRO, Calif. (AP) — U.S Customs agents made their largest marijuana seizure ever with the confiscation of nearly eight tons of the drug from a Mexican-registered freighter docked in Los Angeles harbor.

* * * *

TOKYO, Japan (AP) — Presidential adviser Henry A. Kissinger today began five days of talks with Chinese leaders in Peking in an attempt to advance the improvement of relations between the United States and China.

* * * *

TEL AVIV (AP) — Israeli Air Force planes shot down an Egyptian MIG21 jet in a dogfight over the Gulf of Suez today, the Israeli military command announced.

* * * *

MIAMI BEACH, Fla. (AP) — Labor leaders voiced increasing resistance today to President Nixon's Phase 3 economic program, which continues a 5.5 per cent annual ceiling on wage hikes.

Paul Burnsky, president of the AFL-CIO Metal Trades Department, said he doubted that the federal wage guidelines would hold up in this year's coming big contract negotiations covering some 5 million workers.

* * * *

ROCKVILLE, Md. (AP) — An almost unprecedented flood threat continues unabated for some Great Lakes shores areas and connecting waterways, the National Oceanic and Atmospheric Administration said Wednesday.

The areas most critically threatened include shores bordering Lake Erie, the Detroit River, Lake St. Clair, Saginaw Bay on Lake Huron and Lake Ontario.

WASHINGTON (AP) — First lady Pat Nixon surprised reporters by smoking in public this week. Aides said they could not recall it ever happening before.

Mrs. Nixon joined her son-inlaw, Navy Lt. (j.g.) David Eisenhower, in having a cigarette after they, the President and Julie Eisenhower dined at Trader Vic's restaurant Tuesday night.

* * * *

LILLE, France (AP) — Achille Cardinal Lienart, 89, who retired in 1968 after 40 years as Bishop of Lille, died today.

* * * *

WASHINGTON (AP) — The Cost of Living Council, despite prospects of the biggest food-price increase in 22 years, has approved a recommendation that turkey farmers hold down production in 1973 in order to get higher prices.

The Agriculture Department advised turkey growers Wednesday they should not increase production this year more than 1 per cent above the 1972 record of 128 million birds if they want to avoid low prices.

* * * *

LONDON (AP) — Peking has pitched London a diplomatic curve with plans to buy or build British planes that cost hundreds of millions of dollars and have military potential.

The British, hungry for sales that would revive their sagging aircraft industry, are enthusiastic about the deal but know it could upset both the United States and the Soviet Union.

* * * *

CINCINNATI, Ohio (AP) — A seriously ill Hamilton man, who blamed the beating death of his four-year-old son on a retarded daughter 15 years ago, has been charged with the death.

A police guard was placed on Edward Verdin, 47, at Mercy Hospital Wednesday after he was charged with manslaughter in the death of Thomas R. Verdin on Nov. 5, 1957.

* * * *

TRAVIS AIR FORCE BASE, Calif. (AP) — Forty more liberated American prisoners of war arrive here today, following the joyous Valentine's Day arrival of 20 men who had been in Communist hands for as long as eight years.

Police, sheriff's office handle variety of calls

A 26-year-old Washington C.H. man is listed in critical condition in University Hospital, Columbus, after becoming ill at his home early Thursday.

Police said Kenneth E. Wolffe, of 1230 Columbus Ave., was taken to Memorial Hospital where he was examined and then transferred to University Hospital. Wolffe had recently recovered from an attack of flu and had returned to work Wednesday, his wife told officers.

Sheriff's deputies investigated an apparent breaking and entering at a Jeffersonville Store Wednesday.

Officers said someone had pried boards off a rear window at the Jeffersonville Discount Center and entered the building. Joshua Ousley, a store employe, who discovered the entry, said nothing appeared to have been taken.

Officers said the intruder had exited the store through a side door.

A cast iron bench was removed from a Washington Cemetery burial plot sometime over the past weekend, police reported. The bench was valued at $100.

COLUMBUS, Ohio (AP) — Following is the Ohio weather summary from the National Wealther Service:

A low pressure area moved through Ohio overnight, and moderately cold, northerly winds were expected to invade the state today, bringing up to three inches of snow across the state and gale threats to the Lake Erie shore. Heavier snow is possible tonight in the northeastern snow belt.

Temperatures were forecast to dip to the 20s this afternoon after readings in the 30s at dawn. Lows should drop to the teens overnight and highs Friday are forecast to climb back only to the teens and low 20s.

Gale force winds were expected to pound the southern shores of Lake Erie this afternoon, causing some shore erosion.

Rain was general across the state overnight, but was beginning to change to snow from the northwest this morning. Dense fog was reported in the northeastern part of the state, forcing some airports to close for a short time.

A chance of showers Monday. Highs Saturday in the teens, warming to the 40s by Monday. Lows 2 to 10 Saturday, warming to the upper 20s and low 30s by Monday morning.

Checks mailed to Ohio schools

COLUMBUS, Ohio (AP) — Atty. Gen. William J. Brown announced today he was mailing out checks totaling about $150,000 to school districts as the final payment of money due Ohio schools from a successful antitrust action by Brown's office.

Brown said the money was the last of $1.1 million the state won in a price-fixing suit against book publishers and wholesalers.

Report POW mistreatment

WATERFORD, Conn. (AP) — A freed prisoner of war returns to the United States today after what his father describes as months of imprisonment chained in a snake-and ant-infested bamboo cage.

Army Capt. George K. Wanat Jr., 27, was chained alone in the cage for five of his 10 months in Viet Cong hands, George K. Wanat Sr. of Waterford said Wednesday after talking to his son by telephone. His other five months were shared with another American, the father said.

The elder Wanat said in an interview that his son passed time with prayer and "intense study" of the ants in his cage.

"He told me he was an expert on ants now," Wanat said.

Wanat said his son was in good spirits and sounded "very much like the man who left two years ago" except for a deep hatred toward his captors.

Wall Street prices mixed

NEW YORK (AP) — Stock market prices were mixed today against a background of renewed investor worries about the international monetary crisis.

Brokers had noted an apparent rise in confidence in the three-session rally that began last Friday. But uncertainties seemed to have regained their grip on the market in Wednesday's sharp declines.

The Dow Jones average of 30 industrial stocks was ahead fractionally but declining issues held about a 3-to-2 edge over gainers.

Prices included UMC Industries, off ¼ to 16¾, Matsushita Electric, down ⅛ to 27¾, Westinghouse Electric, unchanged at 39⅛, Texaco, unchanged at 37½, and Avco Corp., off ¼ at 13.

On Wednesday fell hard across a broad front. Analysts said the plunge was prompted largely by investors, second thoughts about U.S. plans to devalue the dollar. The news had been greeted initially with rampant enthusiasm, but it gave way to the feeling that the move left some manor international monetary problems unresolved, brokers said.

The Dow Jones industrial average registered its biggest one-session drop in 20 months, falling 16.85 points to 979.91. Declining issues outnumbered gainers 1,202 to 306 as volume reached a moderately active 16.52 million shares.

Mainly About People

Dorothy Mowery, Prairie Rd., is critically ill at her home.

Mrs. Gene McLean, of Milledgeville, is a patient in Mount Carmel Hospital, Columbus. She is in Room 341.

Tom Hillary, 212 E. Temple St., who underwent surgery several weeks ago in University Hospital, Columbus, is making a slow improvement. He is in Room 643.

Miss Shirley Mayer, daughter of Mr. and Mrs. Alfred Mayer, Ohio Rt. 38, has been honored with a scholarshp award to attend Nationwide Beauty Academy, Columbus. She will begin her training June 19 following graduation from Miami Trace High School.

Bobbie Jean Grushon, daughter of Mr. and Mrs. Robert Grushon, ot Jacksonville, Fla., formerly of Washington C.H., has become a pledge of Zeta Tau Alpha International Fraternity at Morehead State University, Morehead, Ky. She is a freshman majoring in elementary education.

BULLETIN

HOLLYWOOD (AP) — Comedian Wally Cox, television's shy "Mr. Peepers," was found dead today in his Bel Air home, city firemen said.

Firemen said they found the 48-year-old comedian dead about 7:45 a.m. after being summoned to the home. The cause of death was not immediately known.

Smallpox wiped out nine-tenths of the Chipewyan Indian tribe of Canada in 1781, National Geographic says. Today they number about 5,000.

Opinion, Comment

WASHINGTON . . . by Marquis Childs

Nixon dogmatism doomed

WASHINGTON — In his second term President Nixon is trying to square the political circle. He is seeking conformity in terms of political ideology. This is not only an impossible goal, it can prove, as it has in the past, to be self-defeating.

Recruits in the new Nixon Administration must be tailored to the turnaround to conservative free enterprise and away from what the President considers the evils of statism. Dissent is abhorred and sternly rebuked. From the media it is taken as just short of treason to be repressed by whatever means possible.

The two major parties have never been grounded in dogma. Pragmatism, a wide range of choice among individuals of varied and often conflicting views, has been their strength. When the dogmatists took over under the banner of rule-or-else the end result was disaster.

THAT HAPPENED last year with the liberal-left ideologues asserting their control over the Democratic party. In 1964 the Republican party was taken over under Barry Goldwater by the dogmatists of the right, and Lyndon Johnson won re-election by what is still in the percentage of the total vote a record landslide.

The President and the stern idologues at the center of power today are bent on imposing their philosophy of antistatism. Chopping off programs that may or may not have outlived their usefulness is part of it. The battle with Congress, which the President seems likely to win if only by default, is part of it.

But the scope is much larger than the immediate struggle, involving, as I believe it does, the direction of our political life. Nor is the fate of the President the paramount concern. It is the future of the Republican party that is in jeopardy, ironically enough after a landslide for the office of President greater than at any time since it was founded.

THE COURSE the President is following with zeal, if not indeed with ruthlessness, goes directly contrary to the beliefs of the moderate - liberal wing. Charles Percy of Illinois, Edmund Brooke of Massachusetts, Clifford Case of New Jersey, Mark Hatfield of Oregon — these senators and other Republicans in both houses proved in the recent election to have a formidable following.

Percy got the largest plurality in the history of his state. He is the only candidate ever to carry all of Illinois' 102 counties. His plurality was twice that of the record holder, Adlai Stevenson, when the latter ran for governor in 1948 and his percentage of the vote substantially larger than that of the President. In the only state to go Democratic, Brooke won re-election in Massachusetts by 60 per cent of the vote.

These men are currently playing it low profile. They do not want to offend the victor in his hour of triumph. They are, however, thoroughly, aware of what the election returns meant as the Republicans, in the face of the Nixon landslide, failed to carry Congress. They are aware, too, of what can happen in the congressional elections next year when certain of their fellow moderates — Sen. Charles (Mac) Mathias of Maryland is one — come up.

A DICTATE from the White House may temporarily carry all before it. Far from uniting the country it will not unite the party. That the moderate - liberals will forever sanction by their silence a dictated policy, to say nothing of a predetermined candidate in 1976, is not in the cards.

The symbol of the American political party, whether Republican or Democrat, is the circle and not the square. The old analogy of the Circus tent is as valid today as it was in the past.

The President may be able to win the ideological game by appealing to the fears of the affluent — fears of more taxes, fears of black militancy, fears of big government and decay of individual responsibility.

But this is sure to be a temporary triumph that will dissipate the electoral victory of November. And that outcome will be recorded in the congressional elections of 1974.

"SOMEONE SUGGESTED THEY TRANSPORT US AMERICAN EXILES HOME IN BARRELS."

The Pipeline issues

In acting to overturn a lower court decision and thus block construction of the Alaska oil pipeline, the U. S. Court of Appeals in Washington issued a ruling that deals narrowly with a specific point in the law. The broader issues raised by environmental groups opposed to the pipeline remain to be considered.

Counsel for several groups seeking to prevent construction of the pipeline from Prudhoe Bay on Alaska's North Slope to Valdez in the south contended that plans violate a provision of the Mineral Leasing Act of 1920. This says that rights of way over public lands may extend only 25 feet on either side of the pipeline, whereas a 146-foot right of way was granted for the Alaska project.

The appeals court agreed that this provision applies. The court also determined that the secretary of the interior lacks authority to grant the special land use permit requested by the oil consortium. In effect this ruling says that unless Congress suitably amends the act the project as now conceived is dead.

Congress is likely to amend the 1920 law at the request of the oil firms involved, but precipitate action would be inadvisable. We agree with the environmental groups that "any legislative action without a comprehensive examination by Congress of the underlying issues would be contrary to public interest." The legal battle under way the past three years has made it clear that these are substantial issues to which Congress should give thorough consideration.

Air suit trial set

CHARLESTON, W.Va. (AP) — A May 7 trial date has been set for five unsettled civil suits against Southern Airways stemming from the jetliner crash which killed members of the Marshall University football team, coaches and fans in 1970.

Michigan is the world's largest producer of automobiles.

Today In History

By THE ASSOCIATED PRESS

Today is Thursday, Feb. 15, the 46th day of 1973. There are 319 days left in the year.

Today's highlight in history:

On this date in 1898, the U.S. battleship Maine blew up in the harbor at Havana, Cuba. The Spanish-American War followed.

On this date:

In 1564, the Italian astronomer, Galileo was born in Pisa.

In 1764, St. Louis, Mo., was established as a fur trading post.

In 1899, Czar Nicholas II of Russia suppressed liberties in Finland.

In 1922, the permanent court of international justice, the World Court, held its first session at the Hague in The Netherlands.

In 1942, in the Pacific war, Singapore surrendered to the Japanese.

In 1933, President-elect Franklin D. Roosevelt narrowly escaped assassination in Miami, Fla. A shot fired at Roosevelt missed and killed Mayor Anton Cermak of Chicago.

Ten years ago: Several persons including three army officers were arrested in France on charges of plotting to assassinate President Charles de Gaulle.

Five years ago: U.S. forces were pounding enemy forces who were holding the Citadel in the South Vietnamese city of Hue.

One year ago: Atty. Gen. John Mitchell resigned his Cabinet post to direct President Nixon's re-election campaign.

Today's birthdays: Composer Harold Arlen is 68. Former West Point football Coach Earl Red Blaik is 76.

Thought for today: When fortune knocks, open the door — German proverb.

Welcome home card designed

MASCOUTAH, Ill. (AP) — Work has started on a greeting card with "Welcome Home POWs" written in 15-foot-tall letters.

The dozen civic organizations that began painting the sign on a baseball field Monday night hope it will be read by released prisoners of war flying into Scott Air Force Base near here later this week.

Biting flies includes more than 60 species of mosquitoes.

Indonesian adventure ends for American tribal 'wife'

By GHAFUR FADYL
Associated Press Wriler

JAKARTA, Indonesia (AP) — The adventure of Wyn Sargent, an American writer-photographer who married a tribal chief in the jungles of West Irian, ended today. The Indonesian government ordered her to leave Indonesia by Saturday.

Miss Sargent, a tall, slim woman in her 40s, said in a telephone interview she had exciting moments during her 4½-month experience among one of the most primitive and saveage tribes in the world, "where cannibalism is still practiced."

She said her Jan. 8 marriage to Obaharok, a tribal chief from the territory of Siapkosi Muliame near the muddy frontier town of Wamena in the central highlands of the Baliem Valley, was not legal "for both of us agreed not to legalize the marriage."

"When I first tried to see Obaharok, he had 30 warriors around the village to keep foreigners out. But I brought three gifts — an axe, a long knife and a spade — for the chief," she said, "and he was overwhelmed."

"I married Obaharok to bring the three savage warring tribes to live together in peace and harmony. And it was only a traditional wedding."

Miss Sargent said she spent some exciting time trying to bring the hostile tribes together in friendship in the jungle region by becoming a blood sister to two tribal chiefs and by going through a traditional wedding with Obaharok.

"They cut my wrist and the wrists of the other two chiefs, bled them together with my hands and thus made us blood brothers and sister," Miss Sargent related.

She was expelled from the jungle area because the military command felt her activities were "detrimental to the development of the region."

Miss Sargent claimed the warring savage tribes of Analoga, Wiyagoba and Siapkosi, Multama terrorists, are now living in peace and harmony.

Miss Sargent, a widow from Huntington Beach, Calif., said she first came to West Irian to take pictures and study the life of the West Irian tribes and "certainly not to study the sex life of the tribes."

"I only need 50 days more to complete my work so that I can say with satisfaction that my work has brought peace and harmony among the hostile tribes," she added.

Police dispatcher feuds with cops

CLEVELAND, Ohio (AP)— Safety Director James T. Carney will investigate a civilian police radio dispatcher's complaint that he has been harassed ever since he charged police with responding too slowly to emergency calls.

Frank Cummings Jr., who was suspended and charged with insubordination by police after he leveled the charges last year, was reinstated by the Civil Service Commission after an investigation.

Cummings appealed to Mayor Ralph Perk this week, however, asking that Perk order police harassment to stop. Cummings said that police repeatedly ticket his car, that his tires were punctured and that the lock on his police station locker was recently filled with glue.

Turnpike take rises

BEREA, Ohio (AP)—Heavy traffic on the Ohio Turnpike last month boosted January income to nearly $2.9 million, according to the Ohio Turnpike Commission.

Plan 'skip chasers' for tuberculosis

CINCINNATI, Ohio (AP) — Hamilton county will begin next month hiring professional "skip chasers" to find known tuberculosis victims and the persons they may have infected.

Chavez to speak at Cincinnati

CINCINNATI, Ohio (AP) — United Farm Workers leader Cesar Chavez will speak Friday night at the University of Cincinnati and on Saturday morning lead a demonstration downtown.

His appearance at the school is being sponsored by a new Students for the United Farm Workers organization on the campus.

Chavez will lead a downtown march at 9 a.m. Saturday with a rally at a supermarket.

He will be accompanied by 70 farm workers from California, New Mexico and Arizona, the university said.

Plan searches for Americans missing in action

SAN DIEGO, Calif. (AP) — The assistant U.S. Secretary of Defense in charge of war prisoners' affairs says the United States will conduct a search for the 1,328 American servicemen listed as missing in Indochina.

Maj. Gen. Daniel James said Tuesday the effort will be conducted through the Joint Casualty Resolution Center based in Thailand.

James said searchers will check aircraft crashes and grave sites throughout Indochina "until we have resolved as many of these cases as we can."

Such searches are provided for in the cease-fire agreement.

East Gave West the Art Of Porcelain

PORCELAIN is over a thousand years old. The Chinese discovered how to make it in 900 A.D., but it wasn't until the early 18th century that Europeans finally hit on the right formula.

The first factory that produced real porcelain in Europe was started in Meissen, a German town that is now a famous name in porcelain, around 1713. The first pieces produced were inspired by classic Oriental designs — a fact that makes them even more priceless to collectors.

MR. AND MRS. WILLIAM D. BAER

Couple wed in Connecticut

Miss Margaret Traver, daughter of Mr. and Mrs. Albert Traver II, of Watertown, Conn., became the bride of William Douglas Baer, son of Mr. and Mrs. Louis Naret Baer, of 421 E. Market St., in the Congregational Church, in Watertown, Conn.

The pastor of the church performed the double-ring ceremony at 7 p.m. Feb. 3 before an altar enhanced with vases of white mums. The church soloist sang "The Lord's Prayer."

Given in marriage by her father, the bride wore an off-white French organza period gown with silk ribbon and lace trim with bishop sleeves, full train, and matching silk illusion headdress and veil. Her only jewelry was an heirloom pin, which belonged to the groom's grandmother. The bride carried an old-fashioned nosegay with sweetheart roses.

Miss Jean Traver was maid of honor for her sister. She wore a full length powder blue silk matte jersey gown with white lace bib front and carried a single pink rose. The bridesmaids were Miss Martha Junk, cousin of the groom, Miss Barbara Stitt, Miss Betsy Hickcox and Miss Jean Weidemier, Conn. They wore spring green matte jersey gowns with white lace bib fronts and each carried a single rose.

Thomas Baer served as best man for his brother. Seating the wedding guests were Ken Cook, of Fort Lauderdale, Fla., Bill Junk Jr., and John Halliday, both of Washington C. H.

The bride's mother chose a formal length gown of pink matte silk jersey with bead trim. Mrs. Junk wore a long mint green crepe with full chiffon sleeves.

The reception took place in the Watertown Country Club with a buffet dinner, following the ceremony at 8 p.m. and dancing. Spring flowers were used in the decorations.

The new Mr. and Mrs. Baer spent the weekend at Cornwell on Hudson in New York, before their return to Columbus. Mr. Baer, a graduate of Marietta College, is associated with the Horton Company, in Columbus. Mrs. Baer, a former AFS student in Beirut, Lebanon, will graduate in June from Marietta College.

The bridegroom's parents entertained at dinner in the Curtis House, in Woodbury, Conn., the evening preceding the wedding.

Washington DAR

What's your favorite subject in American history? The American Revolution, the pioneers, World War I Aces, sea battles and invasions of World War II? Whatever your favorite, take time to learn more during February, American History Month sponsored by the Daughters of the American Revolution. You might just find that all of America's history is exciting and meaningful to remember.

What makes America? It's you and I and those who handed down our American heritage. In February read up on your American history. The Daughters of the American Revolution observe American History Month in February to remind us our history is exciting, it's meaningful and it belongs to us all. That's what makes America.

Pretty shower fetes bride-elect

An unusual and very pretty Valentine shower was given for bride-elect Miss Marcia McGuire of Gary, Ind., formerly of Wilmington, at the Denver House. Mrs. William D. Pond and Mrs. Russell Hodson entertained and Miss McGuire's aunt, Miss Marian Osborn, of Washington C.H., assisted.

Miss Osborn entertained through the weekend for Miss McGuire and her fiance, her family and friends, who came from Indiana for the parties.

The wedding of Miss McGuire and William H. Glaros, of Munster, Ind., is to be March 24.

Saturday night was very gay, with people coming from all over and Mr. Glaros joined the party, arriving in time to help unwrap the miscellaneous gifts. Miss McGuire's mother, Mrs. Donald Callender, and her sister, Susan McGuire, and Mrs. Reed Hagen were present from Gary, Ind., and the bridesmatron, Mrs. Robert Norberg, of Lafayette, Ind., for the party.

Guests first had a very elegant punch and were seated at tables lighted by red candles and trimmed with Valentines, cupids and hearts, for a light buffet. At the place of each guest was a red carnation corsage with hearts.

A soap opera called "Marcia and Will" was enacted for the bride-elect. The tenet was that when Marcia met Will she knew immediately he was a man of zest so all household kitchen goods, even a mop and basket, were brought in and Will was called Mr. Clean. There were lots of prizes for the guests.

A contest proved most amusing to everyone. Each made a bridal veil of tissue paper, Miss McGuire modeled them all, some long, others short, all kinds, and then selected the one she liked best. It was made by Mrs. Robert Greene, who won a prize. There were 35 guests at the shower.

Friday, Mr. and Mrs. Callender, Miss Susan McGuire and Mr. and Mrs. Hagen arrived here and Miss Osborn put them up at the Herefordshire Motel, and entertained them at dinner at the Lafayette Inn, Sunday. Miss Osborn entertained all the visitors at her home.

The father of Marcia and Susan was the late George P. McGuire, of Hillsboro.

The bride-elect was graduated from Wilmington High School in 1968 and DePauw University, Greencastle, Ind., and is teaching in Portage, Ind. Her fiance is a life insurance agent for the Prudential Corporation, in Whiting, Ind.

Lemon juice and butter make a good baste for broiled chicken. But if you want to vary the basic mixture, add a little soy sauce and a pinch of sugar.

We sell America's most sensitive range

R-30DB

by Corning

Corning's Gourmet Counterange™ electric range is the only range we know about with not one but four thermostatically controlled surface heating areas. They're sensitive about the amount of heat they allow to flow into our flat-bottomed Cookmates® cookware (or any flat metal pan for that matter).

If you want a simmer, a simmer is what you'll get. That's less pot watching for you. And the special heating element is designed to deliver heat evenly with no hot spots, no cold spots, so there's less chance of scorching and burning. That's why flat-bottomed pans are so important. They let the engineering Corning built into the Gourmet range help make you a better cook.

The bottoms of the starter set of Cookmates® cookware you get with this range will always remain flat. And you can freeze, cook and serve all in the same pot or pan (that saves cleanup time). And just think how easy it will be to clean the rangetop with no coils, burners or drip pans to contend with.

The pyrolytic self-cleaning feature gets the oven really clean. All you do is turn two knobs. Controls start the oven and turn it off automatically even if you are elsewhere. (It's sensitive about your busy day, too.)

Come see this remarkable range. It's from Corning, the inventors of smoothtop cooking, and it's here right now.

Your Horoscope

By FRANCES DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FRIDAY, FEB. 16

ARIES
(March 21 to April 20)

This type of day should be the just-right one for you. Where a project is pending, take the initiative if it will prevent loss of time or assets. Otherwise you can "play it by ear."

TAURUS
(April 21 to May 21)

Now is the time to put forth your best ideas and back your good intentions with ACTION! Opportunity is at hand to profit by your many talents — especially those along creative lines.

GEMINI
(May 22 to June 21)

Try to control a tendency to worry over personal problems. Help is on the way! In fact, you should not only find assistance is your current dilemma, but also gain insight into ways to prevent future ones.

CANCER
(June 22 to July 23)

Some upsets indicated, but take them in stride and maintain an even disposition, and day's accomplishments will far exceed your expectations.

LEO
(July 24 to Aug. 23)

Personal relationships under excellent influences. Business associates should prove highly cooperative and, in your private life, you may get a chance to further a secret romance.

VIRGO
(Aug. 24 to Sept. 23)

Work should go exceptionally well for you now and superiors will notice the results. If an employer, you will get more help than usual from those under your supervision. A fine situation all around!

LIBRA
(Sept. 24 to Oct. 23)

An average day, on the whole, but there's a possibility of some complications in a financial matter. If you can, postpone action for 24 hours, when you can solve all with relative ease.

SCORPIO
(Oct. 24 to Nov. 22)

Business affairs active now, but you will have to operate on two fronts: Dealing with the opposition and trying to get your regular work done. But you CAN manage — especially if you don't panic.

SAGITTARIUS
(Nov. 23 to Dec. 21)

Mixed influences. In occupational matters, superiors will be most pleased with your efforts; on the personal side, members of your family may oppose almost any of your plans. Trying to maintain your balance may be difficult, but you CAN!

CAPRICORN
(Dec. 22 to Jan. 20)

A friend whose opinions are usually down-to-earth may suddenly advise some radical action. Don't listen! Be alert to potential consequences.

AQUARIUS
(Jan. 21 to Feb. 19)

You can put over some of your pet ideas now if you use the soft-sell approach. Turn on all of your innate charm, and don't give an impression of taking yourself too seriously.

PISCES
(Feb. 20 to March 20)

Some may encourage you to indulge in extravagance. If wise, however, you'll do some financial retrenching instead. A good day for projects which challenge your creative resources.

YOU BORN TODAY are endowed with an agile mind, an outgoing and gregarious personality and a delightful sense of humor. You are a person who should aim high and never stop increasing your fund of knowledge since, with it AND your versatility, you can achieve almost any goal upon which you set your heart. Your leanings are toward the intellectual and the creative, and you could succeed as a journalist, painter, a drama or literary critic, as an educator or scientist.

Ode to a handout man

NEW YORK (AP) — The handout man hasn't been around today. He wasn't here yesterday. But you can bet he'll be around tomorrow—or the day after, for sure.

Sooner or later each week, and sometimes twice in a week, a shadow will fall across my desk, I'll look up and standing there will be the finest actor I've ever met—the handout man.

And unconsciously, I'll reach in my pocket and hand out two one-dollar bills to him.

The handout man isn't a professional actor. He's a middleaged panhandler, growing old ungracefully, who has been haunting me for 20 years. In that time I figure I've handed him out may $1,500—enough to keep me in cheap cigars in my own old age.

I've known my handout men in my life, but none who has had the lasting quality shown by Jack, an itinerant Homer who acts out the roles he creates.

The main trouble with Jack isn't the money he takes from your pocket but the time he takes from your busy day while he tells his story and gives his performance. You break his heart and lower his dignity if you won't listen to his story and watch his performance before giving him his $2.

Each time they are different.

One day he comes in dressed with the distressed charm of an oil salesman whose well has just run out of oil. This is when he tells you of the big job he almost landed but just missed, usually because of a conspiracy by his enemies.

The late Lon Chaney was known as "The man with a thousand faces." I think Jack has him beat by at least one role.

This day he's on crutches, the other day on a cane. Last week his daughter became a drug addict, and he's trying to raise enough money to get her off the habit. This week his son will probably break his arm—again. Next week his wife will have another female operation, and the week after that he himself will have to have his 25th—or is it 26th—operation for a hernia.

Jack has a regular route of 25 to 50 clients, and plods it as conscientiously as a mailman. He has the persistence of a bloodhound, and if you play hide-and-seek from him successfully one week, he simply makes two calls next week.

A number of us have tried to help Jack. But what good would we do if—an unlikely event—we did succeed in reforming him?

We'd only wreck the career of a fine actor—and good acting is scarce enough in America as it is.

YOU'RE NOT A VICTIM OF WEATHER!

A New Zealand farmer, a jet-tanker pilot, and a businessman each tell how, through prayer, they had complete protection from acute storm conditions.

Broadcast this week over many stations including:

Friday WCHO 8:AM 1250
Sunday WBNS 9:AM 1460
Sunday WCHI 10:AM 1360

POW sister gets flowers from buddy

TAMPA, Fla. (AP) — A bouquet of red roses sent by a homeward-bound prisoner of war brightened Valentine's Day for Becky Williams, whose brother is still held captive in North Vietnam.

Miss Williams, 20, waited by the telephone to hear if her brother would be among the 20 prisoners Hanoi said would be released soon. The word on Navy Lt. Lewis I. Williams didn't come Tuesday, but the flowers did.

"To the beautiful sister of a great guy. The bachelors all love you and so do the rest of us. Love Porter," the note on the longstem flowers said.

"I don't even know anybody named Porter," said the blonde nurse. "I guess my brother must have asked a buddy to send them to me."

At the Naval Air Station in Jacksonville, Operation Homecoming coordinator Cmdr. T. L. Tackowski said the flowers were sent by Lt. Cmdr. Porter Halyburton who apparently talked to Williams in a prison camp.

Williams, 29, was shot down 20 miles outside Hanoi on April 24, 1967.

Halyburton also sent a dozen roses to Mrs. Glenn Nixon in Cleveland, Ohio, from another prisoner and some other flowers to his own wife in Tucker, Ga.

Belived to be the highest falls in North America, 1,443 feet, the Delta Falls are part of the Great Central Lake, near Alberni on Vancouver Island, Canada.

Ohio Perspective

Buckeye farmers to push for bargaining bill

By DEAN SCHOTT
Associated Press Writer

COLUMBUS, Ohio (AP) — Four Ohio groups, representing nearly all of the state's 110,000 farmers, plan to push for agricultural bargaining and marketing legislation in the 110th General Assembly.

The legislation is presently being drafted by the Ohio Farm Bureau Federation. It will be presented to the Ohio State Grange, National Farmers' Union and National Farmers' Organization for their support.

C. William Swank, executive director of the Farm Bureau Federation, said, "The thrust of the bill will be to make mandatory the recognition of farmers' rights to be organized and be represented in contract negotiations."

Swank said the legislation will also "recognize the duty on the part of the contractor to negotiate in good faith with the farmers." He said the measure will have sections that force the contractors to go to court or face penalties if they violate the law.

Farmers would be permitted to organize into associations and negotiate contracts if they represented two-thirds of the farmers with half of the production or half the farmers with two-thirds of the production.

Swank emphasized, "There will be no compulsion to make the farmers join an association. They will be free to join or not join, whatever they wish."

A contractor could not pay more to a producer who was not an association member in an effort to break up the association.

He said the legislation will be aimed initially at fruits and vegetables, and may be later enlarged to include livestock, poultry and grain producers.

Fruit and vegetable processing companies now negotiate with farmers for individual contracts that may vary from one grower to another.

The legislation, Swank said, would "bring processing companies to the negotiating table. Some do it now reluctantly while others refuse outright to do it."

Eugene Abercrombie, state agriculture secretary, said, "The legislation would give producers of a given product the right to negotiate a price. The Ford Motor Co. doesn't ask what you will pay. They tell you.

"Now farmers have no control over the price," he said. "It's a matter of the farmer saying: 'Here it is. What's it worth today?'"

Similar bargaining legislation failed in the last legislature.

HEADS NEW BRANCH — Carol Kummerfeld, director of the newly-created women's division of the Civil Rights Commission, says in a Washington interview she plans to deal with issues which cut across both racial and sex discrimination lines.

Sharks will not touch a poisonous Sea snake because if the snake is not dead when swallowed, it will bit the lining of the shark's stomach and inflict its deadly poison.

Dear Abby:

Give your married man his walking papers

By ABIGAIL VAN BUREN

DEAR ABBY: I have been dating a very wealthy married man for the last three years. I was married when we started seeing each other, but I got a divorce because he said if I were "free" he would divorce his wife and marry me.

He told me that he had not laid a hand on his wife for five years, now all of a sudden she's pregnant!

I am wondering now If I am foolish to wait for him? He has children, and so have I. I quit work to be available to see him during the day, but there are days I never see him, and I am getting bored. He takes good care of me financially, but I am a young woman yet and need to know the future is secure.

I have had offers to dates with other men, but have stayed true to him. Please tell me if you think I'm being played for a fool. Or should I wait out his wife?

TIRED AND IMPATIENT

DEAR T. AND I.: Why don't you give HIM his walking papers. If it's security you're after, you won't find it with him.

DEAR ABBY: When you go to a restaurant and order a sandwich, and it comes with a few slices of pickle on the edge of the plate, are you supposed to eat the pickle? Or is it just there for decoration?

We took a survey at our school. Out of 125 students, 75 rejected the pickle, and 50 ate it (mostly with their fingers.) Can you just imagine all the pickles that are wasted in the city of New York Alone? How would you vote, Abby?

IN A PICKLE

DEAR IN: With the pickle eaters.

DEAR ABBY: You have absolutely made my year! I have had 21 years of moans and groans because of the name I gave my youngest daughter. And then you come along and print a letter from a girl who at age 18 actually CHOSE that very name out of all the names in the world!

My thanks to you, and to Bethany Lyn Brown from the mother of another Bethany Lyn.

MRS. HULL

DEAR ABBY: I have read that the quality of one's voice changes with age, and I'm sure it's true. And that is my problem because my husband said to me the other day: "I can't help it, but your voice just grates on my nerves!"

I have always been considered a good conversationalist and my personality has been described as "bubbling." But now I am so self-conscious about my voice I don't talk any more than I absolutely have to. And when I do talk to my husband, I try to use different tones and pitches so as not to irritate him.

I would be very grateful to you or to any of your readers if this condition of mine could be improved. Thank you.

UNHAPPY

DEAR UNHAPPY: On the chance that your problem is medical, first you should see a throat specialist for a complete examination of your vocal chords. If you are halthy, a speech therapist or a voice coach might be very helpful. Your local college (speech or drama department) can make recommendations. And good luck!

CONFIDENTIAL TO "DESPERATE FOR YOUR ANSWER": PLEASE tell me in which newspaper you read my column, and I will rush a confidential reply to you. It is not necessary to disclose your name.

Roman Catholics given warning about abortions

WASHINGTON (AP) — Roman Catholics have been warned by church leaders that they face excommunication if they undergo or perform an abortion.

"Those who obtain an abortion, those who persuade others to have an abortion, and those who perform the abortion procedure are guilty of breaking God's law," a pastoral message of the National Council of Catholic Bishops said Tuesday.

Excommunication means that the subject cannot receive the sacraments.

A recent decision of the U.S. Supreme Court had the effect of legalizing abortion.

During earth-moving projects for dams along the Missouri River, archeological discoveries were made that placed people in the region of North and South Dakota long before the time of Christ.

TV Viewing

By JAY SHARBUTT
AP Television Writer

NEW YORK (AP) — Two 30-second commercials about a common female complaint are scheduled to be broadcast here this weekend on WCBS-TV. They'll try to sell an idea instead of a product.

Their message is that job discrimination because of sex is just plain stupid. The commercials, called public service announcements, are being shown at no cost to the sponsor.

The sponsor is the National Organization for Women NOW, an activist women's rights group that hopes CBS' four other television stations and other broadcasters will run the ads.

Both commercials are lowkey. One shows a baby girl, with an off-screen female voice saying: "This healthy, normal baby had a handicap: She was born female.

"When she grows up, her job opportunities will be limited and her pay low," the voice says, adding that job discrimination based on sex is both illegal and a waste of human resources.

The other commercial illustrates the waste by showing a young woman, with a college degree and academic honors, being interviewed by a man in the personnel department.

"You know, of course, that we start all our girls in the typing pool," he tells her.

The commercials, filmed last October at CBS' owned-and-operated station in Philadelphia, were put together by NOW members with the CBS Television network footing the production costs.

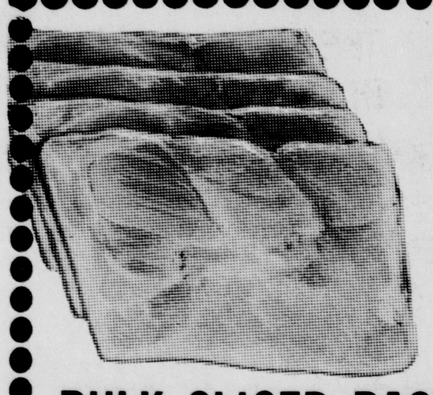

They came after two years of work by NOW members to find a way of starting a free national campaign to get their message across to the public, says Midge Kovacs, a NOW official here.

Although WCBS-TV officials say they'll run the ads, their counterparts at CBS-owned stations in Philadelphia, St. Louis, Chicago and Los Angeles still have to decide if they'll carry them.

But at least it's a start, says Midge Kovacs.

"We hope these announcements will raise questions in people's minds as to women's role in our society and if women have been fairly treated," she said.

All available camping space in Yellowstone is usually filled by noon each day during the summer. This includes 2,453 campsites and 365 trailer spaces.

DAILY CRYPTOQUOTE – Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

CRYPTOQUOTES

M T D P L L R W F J Y V W M T S M V H R, F L P T K H M A R P W J S A, M T D P L L R W F J Y L P F L R, F B M D B M L O L O R S I W W R T L. – L O J D P F C R Y Y R W F J T

Yesterday's Cryptoquote: SOME PEOPLE STRENGTHEN THE SOCIETY JUST BY BEING THE KIND OF PEOPLE THEY ARE. – JOHN W. GARDNER

Confiscated drugs go up in flames

CINCINNATI, Ohio (AP) — Approximately $100,000 in confiscated drugs went up in smoke Wednesday at the city's Red Bank incinerator.

Police burned the drugs, which included cocaine and heroin, sized in a number of drug abuse arrests.

The items had a street sale value of $100,000, police said.

Nearly one-third of all Canadians live in apartments.

Awards presented at Fayette County Corn Club banquet

The highlight of the annual Fayette County Corn Club Banquet, held Tuesday night in the Mahan Building, was the presentation of awards to four corn producers who dominated the six award categories in the 1972 Corn Club Contest.

Corn Club President Dwight Duff served as toastmaster and presented trophies to the winners.

Ron Rockhold, Concord Township, took both honors in the continuous corn division. Rockhold produced 174.8 bushel of corn with a net return above costs of $117.46.

Roger Rapp, Marion Township, received the trophy in the rotation division for highest yield and highest net profit per acre. Rapp produced 159.8 bushels per acre with a net profit of $118.86 per acre.

Rockhold's was the highest yield of all members, and Rapp's was the highest net profit per acre of all members.

In the youth division, Mark and David Hiser teamed up to win both awards. Their Corn Club plot produced an average of 144 bushels per acre and a net profit of $93.69 per acre.

RAY LOCKMAN, of the Agrico Chemical Co., discussed the results of the corn leaf analysis. Lockman made a comparison of the low-five yields and pointing out that the high yield group spent 43 per cent more on fertilizer and had a 96 per cent greater profit than the low group. Lockman also pointed out that the soil test and leaf analysis summaries show that potash levels are still low in many cases. He encouraged corn club members to look at their total fertility program.

County Agricultural Agent John Gruber and Duff presented certificates of achievement to all of the members who completed the contest. Gruber noted that because of the unusual harvest conditions this year several members did not take the extra time required to make yield checks. A total of 32 members completed. There were 57 corn producers who started in the contest.

In their comments both Gruber and Lockman pointed out that planting date had a significant effect on yields as the majority of the high yield plots were planted in late April and early May. Many of the plots planted in late May were lower yielding.

Gruber summarized the club averages of 134.7 bushels per acre with an average net return above costs of $72.33. He complimented those included in the summary for such outstanding records. Club averages are more than 35 bushels per acre above county and state averages for corn production. The average fertilizer expenditure was $25.95 and the average total cost of production per acre was $96.05.

DREXEL HYNES, chairman of the nominating committee, presented the nominees and conducted the election of officers and directors for 1973. Officers elected were Robert Willis, president; Roger Rapp, vice president, and Fred Shoop, secretary-treasurer.

Directors elected are: Concord Township, James Waddle and Harold Cox; Green Township, Hugh Wilson and Paul Norcross; Jasper Township, Wayne Arnold and Ron Kile; Wayne Township, Wayne Baird Kile; Wayne Township, Wayne Baird and Alan Wilt; Jefferson Township, Tom Sams and Cary Back; Madison Township, Wayne Hidy and Norman Schiering; Marion Township, Dwight Duff and Malcolm Bloomer; Paint Township, Alvin Sexten and John Cannon; Perry Township, Max Carson and John Grice; Union Township, Glen Armintrout and Drexel Hynes.

Dedication speaker set

OXFORD, Ohio (AP) — Dr. Edward G. Holley, dean of the school of library science at the University of North Carolina will be the featured speaker Saturday at the 2 p.m. dedication of Miami University's new $3 million King Library.

State office contractors are fined

COLUMBUS, Ohio (AP)— Contractors at the state office building construction site in downtown Columbus were fined a total of nearly $13,000 Wednesday for safety violations.

James A. Napoleone, acting area director for the U.S. Labor Department's Occupational Safety and Health Administration, said 13 employers were fined for infractions, including 10 violations that could lead to death or physical harm.

Fined the most was Martin and Nettrour Contractors of Columbus, the general trades contractor for the entire project, $5,450 for five serious and one minor violation.

Meanwhile, red-faced Ohio Building Authority officials had an aircraft warning light installed on the top of the 560-foot building Wednesday.

They acted after learning the structure hadn't met Federal Aviation Administration regulations since three large construction cranes were taken down from the top of the building and replaced by one large lifting crane.

Kiwanis plans for May 5 Talent Show

It's Teen Talent time again!

Kiwanis Club members are making plans for the fifth annual talent search in Washington and Miami Trace High Schools. The results of the search will culminate May 5 in the Junior High School auditorium.

Don Riber is again serving as the show's producer and will be announcing audition and rehearsal times. The music departments of both schools are cooperating and those with talents such as acrobatics, public speaking, dancing and others are also encouraged to audition.

The project is sponsored by the local Club, which feels that perhaps the greatest gain is for the contestants, who gets experience in performing before the public. The first prize money is $150, the second 100, third prize is $50 and $25 goes to fourth place winner.

Also assisted by the project are four young people from the two high schools who receive $150 each in college scholarships.

THE TEEN TALENT committee, composed of George Gibbs, Duane French and Swanson Mounts, presently is making advertising contacts, interviewing judges and lining up necessary equipment.

The talent search is only one of myriad projects of the local Kiwanis Club for the benefit and pleasure of the community. The club has assisted in obtaining play equipment for Christman Park and is host to the dinner in June at which The Record-Herald presents the Christman Athletic Awards. The Kiwanis Club also sponsors an ice cream social on the Fayette County Courthouse lawn in August, is in charge of ticket sales at the gate during the Fayette County Fair and has many other smaller projects.

The Rev. Gerald Wheat is Kiwanis president, George Gibbs is president-elect and Roger Kirkpatrick is secretary.

Social action groups hit at Ohio Bankers meeting

By DEAN SCHOTT
Associated Press Writer

COLUMBUS, Ohio (AP) — "We bankers are having the hell beaten out of us, and it's high time we identified our adversaries," said James H. Herbert, president of the Ohio Bankers Association.

Herbert, president of the Lorain National Bank, said the adversaries are social action groups, which seek to "affect the internal operations of banks.

"This includes minority hirings and the implementation of uplift programs to permit the hiring of the undereducated. Most bankers feel legislation in these areas has been far too sweeping."

Herbert made the remarks at the one-day, mid-winter meeting of the association, attended by more than 1,000 persons. Stephen Kohn, superintendent of state banks; Eugene Adams, president of the American Bankers Association, and Gov. John Gilligan also addressed the conference.

Herbert said, "Attempts to interject social policy into lending criteria are totally wrong and should be resisted by every practical-minded banker.

"If a banker wishes to make a marginal loan because he feels some persons should be given a chance, he may be acting commendably, but this action must remain his prerogative. He must never be compelled to make such loans."

Bankers should have a social conscience, he said, but should never feel social guilt. "We did not invent poverty and injustice and should not be expected to finance the correction of the nation's ills. . ." he added.

Kohn reviewed Gilligan administration proposals for updating and changing Ohio bank and loan laws and got a boost from the governor.

Arrests

POLICE

WEDNESDAY — Frank Pope Jr., 23, Washington Hotel, disturbing the peace by intoxication.

SHERIFF

WEDNESDAY — Carl D. Sayre, 26, Sylvania, speed excessive for road conditions.

Robert A. Wright, 58, Xenia, improper passing.

Blazing crash closes highway

CINCINNATI, Ohio (AP)—A four-mile stretch of the southbound lane of Interstate 75 was shut down for nearly three hours Wednesday night and early Thursday following a spectacular crash near the Mitchell Avenue interchange.

Police said a tractor-trailer jackknifed on the rain-slick highway, hit three other cars and burst into flames. There were three injuries, but no fatalities.

Traffic problems were compounded when some 2,000 young people left the nearby Cincinnati Gardens after a rock concert.

The section of highway was closed down from 9:20 p.m. to 12:15 a.m.

HAVE A DOG? — The Best Friends 4-H Club is recruiting some new members, since they have only seven. A meeting is planned for 7:30 p.m. Thursday in the DP&L auditorium for any girl or boy interested in knowing how to better care for their pet and obedience-train their "All American" or registered friend — but don't bring the dogs! For more information youngsters may phone the Extension office (335-1150). Shown are (left to right) Cynthia Blue, Laurie Lisk, Jeff Harper, John Persinger and Lu Brown. In front is Kevin Persinger.

JEFF DOWNS

PETE JONES

MT 1970 SCOL champion

Almost the same bunch of Miami Trace players, who will be hoping to grab a share of the South Central Ohio League cage title with a win over intra-county rival Washington C.H. Friday, were league champions at one other time in their careers.

Three seasons ago when the fuzzy-faced schoolboys first walked the halls of Miami Trace, the Panther freshman basketball team won an undisputed SCOL title and romped through a 15-0 season.

And like this season, the Panthers played Washington C.H. in the season finale.

Two of this Friday night's combatants — Washington C.H.'s Jeff Downs and Miami Trace's Pete Jones — staged a red-hot scoring duel as a sidelight of the Panthers' 62-59 win over the Blue Lions in the Feb. 12, 1970 game at the Washington Junior High School gym.

JONES, one of Miami Trace's leading pointmakers this season, was excellent from outside and at the free throw line in scoring points, while Downs, who got off to a slow start this year after suffering a fractured hand in a pre-season scrimmage game, displayed a variety of moves to the basket as he drove, drew fouls and collected 29 points.

A hard-fought contest all the way, the game was generously spiced with fouls and thrills as the 7-6 Lion frosh, coached then by Dale Lynch, played one of their better games of the season but were still unable to turn back the fine Panther team.

The performances of Jones and Downs were keys to the way the game went. Downs scored 21 points in the first half, most of them in the second quarter as the Lions took a 31-25 halftime lead.

Jones found a hot hand in the second half as coach Terry Richard's team caught and then edged in front of the Lions.

Others playing in that game and varsity cagers this year were Mike Domenico, Dick Witherspoon, Joe Downs and Chris Shaper for Washington C. H. and Glenn Gifford, Jeff Spears and Rick Cottrill for Miami Trace.

Youth proves top wrestler despite losing part of leg

WEST LIBERTY, Ohio (AP) — David Hess wins high school wrestling matches on 1½ legs.

The 17-year-old West Liberty Salem High School senior lost his left leg at the knee in a freak farm accident three years ago.

At first, the partial loss of his limb turned the Logan County youngster into an introvert.

"I used to be afraid to go in front of people because of my leg," Hess recalled. "Wrestling has helped me get over my shyness."

Hess has an artificial leg, but Ohio high school rules forbid him to wear it during matches. So he has to take on opponents in a kneeling position.

Despite such a handicap, Hess rolled up nine victories in his first 13 matches this season. He wrestles at 138 pounds.

Hess lost his leg spreading straw for cows on his dad's 600-acre farm Southwest of Bellefontaine.

He caught his boot in a tractor's power takeoff device while jumping off of it. Before he could free himself, the tractor took off. His leg was nothing more than mangled skin and bones below the left knee.

"I knew I wasn't going to be able to keep the leg as soon as I looked at it," he remembered.

However, the oldest of five children hasn't let the accident slow his daily routine.

He's up at 6 every morning milking cows. Then there's school, followed by more farm work. It's back to school for wrestling in midafternoon. Additional chores at home wind up a long day by 9 p.m.

"Sure, things were a little tough after the accident," Hess admitted. "Everything was a little different for a while. But I have learned to do just about everything I did before.

Ali declared victor over Joe Bugner

LAS VEGAS, Nev. (AP) Muhammad Ali came up with a commodity in short supply for him in these days of davaulation of the dollar—an opponent who looks good against him.

The former heavyweight champion of the world collected $275,000 for his Wednesday night fight against England's Joe Bugner who forced him to 12 full rounds before losing a close decision.

Former county man helps injured deer

BATAVIA — Thanks to quick action by a former Fayette County man and two Batavia veterinarians, a two-year-old buck deer is expected to survive his challenge with a pickup truck.

Jerry Camp, state game protector in Clermont County, and his two assistants took the wounded animal to the veterinarians' office where they attended to the deer's lost antlers, a broken jaw and multiple fractures of the right leg. The deer is now recuperating and is expected to fully recover, Camp said.

Camp, a 1965 graduate of Miami Trace and the son of Mr. and Mrs. Jerry W. Camp, 504 East St., stated that Clermont County has a large deer population, at least three times that of 10 years ago.

Almost carbon copy of 1969-70 season for WCH

SCOL history eyes repeat

South Central Ohio League history will nearly repeat itself when Washington C. H. and Miami Trace collide for the 26th time Friday night.

The Fayette County showdown, in which a SCOL title chunk will be at stake for either the Blue Lions or Panthers, is almost a carbon copy of the 1969-70 season finale, with just a few minor details changed, for head coach Gary Shaffer's Washington C. H. bunch.

A title share was also at stake in the 1969-70 finale when the Blue Lions entertained their intra-county rivals at the WSHS gym.

ALMOST THE same circumstances prevailed, except at that time Miami Trace had no change of figuring into the title bartering.

Washington C. H. and Greenfield were tied atop the standings and both needed wins to capture at least a share of championship, while a loss would have given the other an undisputed crown.

This time Washington C. H., Circleville and Miami Trace are all tightly bunched for league supremacy and the tables are just reversed from three years ago, in one respect.

While both Washington C. H. and Miami Trace fans will be hoping that Greenfield can upset Circleville Friday, the enthusiasts back then were praying that Circleville could pull a surprise on co-leading Greenfield.

In the game three years ago, Washington C. H. boasted a hefty seven-game winning streak, while this year it's just the opposite as Miami Trace will be risking a six-game spree.

FRIDAY'S GAME will be the final regular season contest for 13 Fayette County seniors, eight from Washington C. H. and five from Miami Trace.

Donning the Blue Lion togs for the final time in front of a home crowd will be Doug Rudduck, Joe Downs, Albert Donahue, Chris Shaper, Jeff Downs, Dick Witherspoon, Chuck Bath and Mike Domenico.

Miami Trace players completing their regular season cage careers will be Jeff Spears, Pete Jones, Rick Cottrill, Muff Jones and injured Glenn Gifford.

Sam Houston still on top in cage poll

By THE ASSOCIATED PRESS

Sam Houston State has convinced all but two of the voters in The Associated Press poll that it is the best small college basketball team in America.

State, 20-0 for the season, received 13 of the 15 first place ballots cast and earned 296 points for a wide lead over Augustana.

The other two No. 1 votes went to Augustana and unranked Bluefield.

Sam Houston State retained its No.1 rating with three impressive victories last week, including one over third-ranked Stephen F. Austin, 81-67.

Augustana won its two games last week to remain No. 2 and Austin remained third despite the loss to Sam Houston. Philadelphia Textile and Assumption, Mass., both won twice last week and exchanged places in the poll, with Textile moving to No. 4 and Assumption slipping to fifth.

Roanoke remained No. 6 with two victories last week and Wisconsin-Eau Claire took over No. 7 after running its record to 15-3 with a pair of victories. Louisiana Tech and Kentucky State, seventh and ninth respectively a week ago, met at eighth place, tied with 92 points.

Wisconsin-Milwaukee, 18-3 for the season, remained No. 10.

Nelson and Plummer sign Reds contracts

CINCINNATI (AP) — Pitcher Roger Nelson, acquired from Kansas City, and reserve Catcher Bill Plummer, are among 13 Cincinnati Reds who have signed their 1973 contracts.

Signed today were young outfielders Tom Spencer and Ken Griffey.

Spencer, from Gallipolis, Ohio, hit .279 last year at Three Rivers in the Class AAA Eastern League. Griffey hit .318 and 14 home runs for the same team.

Nelson had an 11-6 record and a 2.08 earned run average for the Royals.

Plummer, who appeared in 38 games for Cincinnati last season, hit .186. Most of Plummers appearances came when John Bench was shifted to right field after suffering a broken finger.

Terms of the contracts were not disclosed.

Dayton Gems lose

SAGINAW, Mich. (AP) — Russ Firesen slapped in the winning goal at 3:19 of the second period as the Saginaw Gears defeated the Dayton Gems 8-3 in International Hockey League action Wednesday night.

Friesen was one of three Gears to get two goals against the first place team in the IHL's South Division. Yuri Kudrasovs and Bruce MacIntosh also added two runs for Saginaw which is in last place in the IHL North.

Ohio high school notebook

Extra eyeglass sparks Akron star in victory

COLUMBUS, Ohio (AP)—An eyeglass for an eyeglass. That's one method Akron Central-Hower High School basketball players use to score victories.

Don Thornton, Central-Hower's 6-foot-4 senior center, shattered the left lens in his glasses during the first half last week against Akron Kenmore.

Thornton continued to play the half with only his right lens. He shot wildly and missed a couple of passes because of his poor visibility, however.

Tom Beaver, a team substitute, talked with Thornton at halftime and discovered they had the same eye defect.

Beaver popped the left lens in his glasses, gave it to Thornton and he wound up with 16 points and 10 rebounds, leading a 74-64 triumph.

Around Ohio: Canton Lehman, top-ranked in Class AAA, has extended its regular season winning streak to 29 games. The old mark was 25 in a row in 1945-47 under Coach Jimmy Robinson, now the director of Ohio's high school all-star football contest.

Lehman, incidentally, is barely a Class AAA school and goes back into the Class AA ranks next season with a smaller enrollment. The Polar Bears won the Ohio Class AA tournament crown two years ago.

Three of Class A football runnerup Lorain Clearview's players play basketball well, too. Larry Harris, a wide receiver, is averaging 24.4 points as a 6-6 center, all-state tailback Otis Jenkins 15.5 as a 6-1 guard and Larry Fortner, a quarterback, 12.8 as a 6-5 forward.

Dan Hagen, Columbia Station's 6-7 senior center, has become Lorain County's alltime scorer with 1,842 points in 81 games, a 22.6 average. The school has retired his jersey number. He has a 25.8 average this winter, including 45 Saturday night for another school mark.

Carl McIlwain, 6-4 Andover Pymatuning Valley senior, cracked a school record with 50 points against Perry of Lake County Friday night.

Steubenville Catholic became the first Ohio school to whip Wellsville at home in more than three years. The 54-53 victory was accomplished without the team's No. 2 scorer, 6-4 Dave Slomski, lost for the year. He hurt a knee in practice.

Three of Akron's top players are No. 1 men on their schools' golf teams: 6-6 Dave Speicher of Ellet, 6-foot Dave Buhas of Garfield and 5-10 Dave Barnes of Buchtel. Speicher leads Akron in scoring with almost 24 points a game.

Springfield South committed only one foul and hit 60 per cent of its shots in the first 20 minutes to stun Waverly, Ohio's top-ranked Class AA five. South was the first Class AAA foe to beat Waverly after the Tigers defeated eight big schools this season.

Delaware Hayes has its first league championship in 21 years. New coach of the Pacers is Dan Baker, who led Northwestern of Wayne County to a state tournament title and later guided Marion Harding to the big school finals.

Rock Hill has scored 121 points in its last two games, including a school record 117-60 rout of Symmes Valley. Dave Shug, a 6-6 senior, bagged 49 points in that one.

Rossford plays Fostoria Friday night for the title in the unique Great Northern Conference, a combination of the Northern Lakes and Great Lakes Leagues. Rossford won the NLL and Fostoria the GLL, the same as in football.

Rick Brooks has his 100th coaching victory, a 34-29 Sebring overtime triumph at Hanoverton United. Lowellville beat Jackson Milton Tuesday night for its fifth straight Inter-County League crown.

Cincinnati Loveland, No. 10 in Class AA, plays Madeira Friday night, the last team to whip the Tigers 25 regular season games ago. Loveland has four regulars shooting better than 50 per cent, topped by 6-3 Mark Baron's 55.6 per cent.

East Tech, third in Class AAA, is 16-for-16 in its Cleveland city title games. The Scarabs won their 16th straight 68-62 over St. Ignatius. Lawrence Eolden scored a title game record of 36 points for East Tech.

Chillicothe overcame a 12-point deficit with three minutes left and then took Newark in overtime for its Central Ohio League crown in 12 years. Randy Foster, with 1,029 points, now is Newark's alltime No. 1 scorer.

Jim Goode of Waynesville of Warren County had his free throw string stopped at 36. Steve Doyle of Fredericktown, the Johnny Appleseed Conference's top pointmaker, hit 37 and 36 in two games last week.

SPORTS

Washington C.H. (O.) Record-Herald - Page 16

Banquet Wednesday at MTHS

Ted Mullins speaker for SCOL cage fete

Ted Mullins, WBNS-TV sports director, will be the featured speaker at the annual South Central Ohio League winter banquet at 6:30 p.m. Wednesday at Miami Trace High School.

The banquet will honor members of the 1973 All-SCOL baskerball team. The six member SCOL head coaches will meet at 7 p.m. Sunday at Washington Senior High School to make the selections.

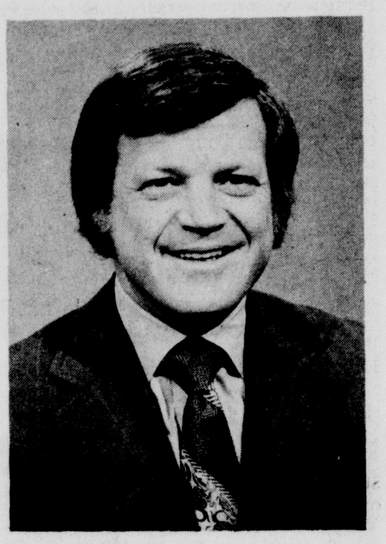

Previously, SCOL wrestling champions and all-league baseball, golf and track teams were honored at the winter banquet. But now a spring banquet is held for this purpose and this year's will be May 15 at Circleville.

THE SCOL Board of Control will meet at 4:30 p.m. Wednesday. The possibility of SCOL expansion will be discussed by the six governing high school principals since Madison Plains has decided to drop its membership following the 1973-74 season.

Mullins started working with Channel 10 in 1964 as a part-time announcer. Besides his duties at Channel 10, Mullins also reports the play-by-play action of Ohio State Buckeye football games on WBNS Radio.

He was born in Laura, Ky., and attended Columbus South High School where he played football and baseball.

For 27 months Mullins covered

TED MULLINS

sporting events throughout the Caribbean for the Armed Forces Radio and Television Service. In Erie, Pa., he was a one-man news and sports department for WSEE-TV. He has also worked at WHOK Radio in Lancaster and WCOL Radio in Columbus.

Mullins, the father of two children, is a member of the Ohio Association of Sports Broadcasters and the National Football Foundation.

76ers finally win

By THE ASSOCIATED PRESS

The Philadelphia 76ers are still having trouble putting the ball in the basket, but that doesn't stop them from winning a game once in a while.

Losers in their last 20 contests, the National Basketball Association's worst team finally came up with a victory—but needed a goal-tending call to do it Wednesday night.

"Tremendous," shouted a jubilant Kevin Loughery, the 76ers' coach, after his bunch defeated the Bucks 106-104 on a goal-tending call against Milwaukee's Dick Cunningham with 16 seconds left.

The winning goal, credited to Fred Boyd, sent the 76ers charging into their dressing room amid shouts and hoops. It appeared that they had won the NBA title.

"We beat a real, good club, too," added Loughery, who took over the wobbly team this year after Roy Rubin was fired.

Bonnies edge Xavier, 68-63

By THE ASSOCIATED PRESS

Fans at the St. BonaventureXavier basketball game Wednesday night should have been charged double admission, according to Musketeer Coach Dick Campbell. He figures they saw two games.

"The people who were here should have had to leave at halftime and pay to come back for the second half," he said after the Bonnies downed Xavier 68-63. "There were two different games in two different halves."

St. Bonaventure charged ahead early and held a 40-26 advantage at halftime. But Xavier came back strong after intermission and grabbed a brief 55-54 lead late in the game before the visitors regained control for good.

As it turned out, both teams hit 28 field goals, with the Bonnies winning the contest at the foul line, 12-7.

Meanwhile, fans at the Cleveland Arena actually did see two games Wednesday night as Bowling Green beat Cleveland State 96-80 and Akron George Green took game scoring honors with 21 points.

"That was Johnson's best game of the year and it equaled Jemison's best," Bearcat mentor Gale Catlett observed.

Dayton sailed to an easy 100-68 victory over Biscayne of Miami Wednesday night behind the 29-point performance of Donald Smith. It was the fourth straight triumph for the Flyers (11-10) and their sixth in seven games. It snapped an 11-game winning streak for Biscayne, now 17-4.

Wooster beat Ohio Conference foe Denison 81-73 as Mike Stolle chipped in 22 points and teammate Dudley Brown added 21. In a Hoosier-Buckeye Conference game, Wilmington upset Findlay 84-71.

Elsewhere, it was Defiance 86, Ohio Dominican 69; Walsh 83, Malone 80; Steubenville 63, Baldwin-Wallace 47; Thomas More 102, Ashland 93, and Youngstown State 78, Westminister 59. defeated Kent State 75-67 in a college twin bill.

Led by forward Cornelius Cash with 23 points, Bowling Green built up a 14-point lead in the first half and coasted the rest of the way.

"I've seen us play much better as a team defensively," Cleveland State Coach Ray Dieringer said later, "but when you're throwing in 52 per cent as BG did you're throwing in a lot."

Akron jumped ahead early en route to its 15th triumph in 19 starts. Forward Len Paul pumped in 18 points and snagged 10 rebounds.

"We threw it away," Kent Coach Frank Truitt lamented. "They put it to us early and they made 14 points on our 11 turnovers in the first half. We just never recovered."

Cincinnati survived an Ohio University rally to edge the Bobcats 79-78. Dave Johnson and Jesse Jemison paced the Bearcats with 21 and 19 points, respectively, while Ohio's

Courts

DIVORCES ASKED

Four new divorce suits have been filed in Fayette County Common Pleas Court.

Robert G. Phillips, Rt. 2, has filed a suit against Martha R. Phillips, Rt. 3, on grounds of gross neglect of duty. The parties were married Nov. 29, 1961, in Vanceburg, Ky., and have two children, according to the petition. The plaintiff asks custody of the minor children.

Lucinda S. Slager, Rt. 2, has filed suit for divorce against Thomas L. Slager, Rt. 2, on grounds of neglect and extreme cruetly. The parties were married June 19, 1960, at Madison Mills and have two children, according to the petition. The plaintiff asks support of the minor children and a division of property.

Dianiah L. Brown, 17½ Vine St., Jeffersonville, has filed suit for divorce against David Brown of Jeffersonville on grounds of neglect and cruelty. The couple was married Jan. 10, 1967, at Chillicothe and have two minor children, according to the petition. The plaintiff asks custody and support of the children and alimony.

Dolores J. Brill, Rt. 1, has filed against Eugene R. Brill, Rt. 1, on grounds of neglect and cruelty. The parties were married March 22, 1953, and have five children, according to the petition. The plaintiff asks custody and support of the minor children and alimony.

C. of C. executive at state session

James W. Dunn, executive vice president of the Washington C. H. Area Chamber of Commerce will be in Columbus Thursday and Friday attending the Chamber of Commerce Executives of Ohio Winter Conference.

Theme for the two-day session is "Anticipation — Not Reaction." Program topics will include: "Anticipation - 1980"; "How Will Local Government Look in 1980"; "Environmental Problems and Possibilities in 1980"; "Consumerism - Trends and Directions"; "A New Look at Education Countability"; "The 110th General Assembly - What To Look For," and roundtable sessions on various internal Chamber functions.

The session is being held at the Marriott Inn on S. Hamilton Road.

Cattlemen discuss European breeds

Approximately 45 cattlemen saw slides of the European cattle industry and discussed European beef breeds at a T-Bone Club meeting Wednesday night in the Rendezvous Room.

The speaker was Randall Reed, Ohio State University Extension beef specialist. Reed was one of 25 U.S. cattlemen participating in a 21-day tour of six European countries.

Reed told the cattlemen that he participated in the tour with the purpose of studying these breeds to see how they would fit in the domestic cattle industry. He pointed out that in 21 days the group traveled through 3,000 miles of Europe's countryside in six countries and looked at 11 breeds of cattle.

Reed mentioned that the breeds which showed the most promise for United States cattlemen included Chianina, Simmental (called Fleckvieh in some European countries), and Limousin, as well as the Charolais breed which has been prominent in the United States for several years. Reed mentioned several other breeds which may also see increased use in this country. These included Pinzgauer, Piedmont, Gelbvieh and Maine-Anjou.

IN COMPARING the European breeds to present British breeds of Angus, Hereford and Shorthorn, Reed described them as bigger, slower maturing, and having less marbling. He said that the latter was because of the Europeans desire for beef without any fat.

Reed also compared the European breeds indicating that many of them were dual purpose breeds being used for both milk production and meat production.

Reed summarized by saying that as straight bred animals "we would not like the European breeds." He told the cattlemen that the European breeds will have their place in the U.S. cattle industry in cross-breeding programs selecting desirable traits for improving the finished product of the American cattle industry.

Norman Schiering, Fayette Country Cattle Feeders Association president, conducted the meeting. He reminded the cattlemen of the tour scheduled for March 6. Reed was introduced by John Gruber, county Extension agent-agriculture.

WPAFB expects 2 POWs today

DAYTON, Ohio (AP)—The first two returning prisoners of war to be assigned to nearby Wright-Patterson Air Force Base were expected to arrive there late this afternoon, spokesmen at the base said.

The men are Col. Ronald E. Byrne Jr. and Capt. Burton W. Campbell, both Air Force officers. They have been assigned to the base for rehabilitation as part of the "Operation Homecoming" program.

Byrne's family resides in Peru, Ind., and Campbell's relatives are in Lorain, Ohio.

Man given life term

CLEVELAND, Ohio (AP) — Kenneth Weiss, 28, of Cleveland was sentenced Wednesday to life in the Ohio Penitentiary for the abduction, kidnaping and first-degree murder last Oct. 29 of Michael Coyne, 18, of Garfield Heights.

Slow-moving vehicles may be just as dangerous as speeding drivers.

ELEGANT RANCH HOME PLUS FIVE ACRES

One look and you will appreciate the reluctance of these owners to sell "their" home. But sell they must as they are moving out of the state.

Here are a few of the many features of this proud home: Four bedrooms, two baths (one in master bedroom), large living room, modern kitchen with kitchen range, dishwasher and refrigerator, full deep poured basement with 15 x 22 enclosed family room, which has woodburning fireplace. Two car garage with 18½ foot door. Electric heat and thermopane windows. In rear is large redwood patio.

You must see this fine home to appreciate it. Call us at 335-2210 today.

Doctors and Drug Addiction

Do doctors who know the dangers of drug addiction ever become hooked on drugs? We are studying this subject in our class. I want to be a doctor and I save your columns. Thank you.

Kenneth, Ohio

Dear Kenneth:

Rarely have I enjoyed a letter as much as I have yours. I have not reprinted your letter in its entirety. There are greater pleasures than the sense that I in some way can stimulate a student to pursue the study of medicine.

The joy of being a physician is limitless and I hope you will continue in your interest in a profession that is so gratifying.

Now, about doctors and drugs. Unfortunately the forces at work that make drug addicts do not bypass any segment of society. Some doctors are as vulnerable as are people in other occupations and professions.

Drug addiction among doctors is far less common, of course, because they know so well the dangers and the destructive factors in the lives of people who are involved with drug abuse.

Let me tell you this, Kenneth, and I hope you will pass it on to your classmates.

There are many wonderful rewards and joys in learning. The beauty of poetry, the charm of music, the loveliness of painting, and the excitement of studying the sciences and the humanities must never be sacrificed to the temptation of any kind of drug.

It is my firm belief that young people of your age can play a vital role in keeping friends and classmates away from the temptation of drugs.

There are many complicated forces and pressures in the equation that add up to drug addiction.

It is my hope that someone will yet find a way of reaching young people and really showing them that to start with drugs is to threaten their lives.

You could be that someone.

Is anything being done to remove the dangers of the hormones used by cattle growers to fatten their stock and their profits while shortening our lives?

Miss E.G.J., Tex.

Dear Miss J.:

The hazards of the hormone, diethylstilbestrol, in the meat we eat are recognized as scientific truths.

It is surprising how slowly the forces of safety put sufficient pressure on cattle growers to stop using this growth promoting hormone.

Canada and France are even more visionary than the United States in controlling this injustice to those of us who eat meat. They are now suspending all use of the hormone in cattle that later will be consumed by unsuspecting buyers.

The consumers in the United States are a powerful force that can by pressure insist that their meat be free of this hormone contamination if it is definitely harmful. The delicate balance between all hormones in the body is essential to good health. No one can risk consuming unknown quantities of stilbestrol that might upset this important body function.

SPEAKING OF YOUR HEALTH — Never ignore persistent fever. Fever is the body's signal that an infection is present.

2 hurt, property loss heavy in 5 accidents

Two persons, one a pedestrian, were injured, and property damage was reported as heavy in five traffic crashes investigated in the Fayette County area Wednesday by police and sheriff's departments.

A Sylvania man was hurt when his foreign model station wagon failed to negotiate a curve on Ohio 41, north of Jeffersonville, and overturned in a field.

Sheriff's deputies said Carl D. Sayre, 26, suffered lacerations and complained of a shoulder injury following the 11:15 a.m. crash. He was brought to Memorial Hospital and released after treatment.

Officers said the crash occurred about three miles north of Jeffersonville when the Sayre car failed to make the curve after coming over a rise and ran off the right side of the pavement. The car traveled over 280 feet in a ditch before overturning on its top in a field.

Damage to the 1972 model car was extensive. Sayre was cited for speed excessive for road conditions.

AN 11-YEAR-OLD Washington C. H. boy was treated at Memorial Hospital for facial abrasions suffered when he was struck by a car at the Temple and Hinde Street intersection at 11:46 a.m.

Police said James G. Everhart Jr., of 224 W. Market St., apparently ran from the curb into the side of a car driven by Eleanor L. Hartley, 33, Rt. 3, westbound on Temple Street.

The youngster was released from the emergency room following treatment. Mrs. Hartley was not cited.

Heavy damage was reported to two cars involved in a crackup on U. S. 35, a half mile south of Washington C.H. at 4:05 p.m.

Sheriff's deputies reported cars driven by Carolyn A. Williams, 32, Rt. 2, Jamestown, and Robert A. Wright, 58, Xenia, were southbound in a line of traffic when Wright pulled out to pass as Mrs. Williams made a left turn into a private drive. The Wright car collided broadside with the Williams auto in the northbound lane.

Neither driver was injured in the crash. Wright was cited for improper passing.

POLICE CITED Timothy T. Royster, 18, Rt. 1, New Holland for failure to yield right of way in a car-truck mishap at the intersection of North Street and Circle Avenue at 1:40 p.m.

Royster had pulled his pickup truck from the stop sign on Circle Avenue and collided with the left rear of a car driven by Barbara N. Paisley, 48, Rt. 3, northbound on North Street. Damage was minor.

A car driven by Geraldine B. Williams, 40, Rt. 3, Mount Sterling, was moderately damaged when it ran off CCC Highway-E at Beale Road and struck a culvert. Sheriff's deputies said the mishap occurred at 9:30 p.m. The driver was uninjured.

Canada s total grain exports for 1972 are estimated at 845 million bushels, up 80 million from 1971.

NOTICE TO OWNER OF LAND AFFECTED BY THE PROPOSED IMPROVEMENT, OF ASSESSMENT, OF DATE OF FINAL HEARING AND OF FILING CLAIMS FOR COMPENSATION OR DAMAGES

In the Matter of the George Miller Single County Ditch No. Petitioned for by Harry M. Bush, et al and others.

Office of County Commissioners,
Fayette County, Ohio.
February 12, 1973

To H.R. & Eva Allen, Harold Baker, May Baker, Robert B. & Hazel Baker, Orva Brown, Orvy Brown, Wilmer U & Flora H. Bryan, Harry & Pauline Bush, Robert Carr, Mary Crabtree, Mearl Detty, Rube Gordon, James & Allie Griffin, Hector Harris, Melvin & Dorothy Hall, Harold Houseman, David Howland, Willard C. Kirk, Bess Lanum, et al, John & Naomi Long, Russell Mitchell, Joshua & Dorothy Owsley, Wm. Pratter, Kenneth & Ruth Ann Rinehart, John & Donna Rinehart, Kathryn Walters, et al, State Highway Department, Jefferson Township Trustees and Fayette County Highway Department.

You are Hereby Notified that the County Engineer filed in this office on the 12th day of February, 1973, the maps, profiles, plans, schedules and reports in the above named improvement, and that the assessment on each tract of land owned by you, as estimated and described in said schedule, is as follows: as per Engineers Schedule and you are further notifed that the Board of County Commissioners of said County has fixed the 19th day of March, 1973, at 2 o'clock P.M., at the office of said Board, as the time and place of the final hearing by the Commissioners on the report of the Engineer, and on the proceedings for the improvement, and that all claims for compensation or damages must be filed with the clerk of the Board of County Commissioners before that date; and that if bonds are to be issued for said improvement, you must give notice within ten days after said final hearing of your intention to pay in cash and if you do not give such notice of your intention to pay in cash within ten days the installments will be payable with interest added at the same rate that bonds bear interest.

Mary Morris
Clerk of the Board of
County Commissioners,
Fayette County, Ohio.

Feb. 15 - 22

Lukens plans court test on candidacy

MIDDLETOWN, Ohio (AP) — Although he is circulating candidacy petitions, State Sen. Donald E. "Buz" Lukens of Middletown said Wednesday he has not decided yet whether to seek the Republican gubernatorial nomination.

Lukens said he won't make that decision until next summer. He is circulating the petitions, he explained, to force his five-year suspension from political campaigning into court.

The suspension resulted from a finding by the Butler County Board of Elections that Lukens failed to meet the legal deadline for submitting his campaign expense statements from the November election.

Lukens claimed his statements got lost in the mail.

He said he expects Secretary of State Ted Brown to reject the petitions. Then Lukens will take the matter to court.
